NEWARK, OHIO, WEDNESDAY EVENING, AUGUST 1, 1917.

TEN CENTS A WEEK

## BELGIAN BATTLE MAY LAST FOR MANY MONTHS

British and French Troops Hold All Ground Recovered in Drive

## CAPTURE 3,500 PRISONERS AND TEN BELGIAN TOWNS

Further Gains Will Imperil German U-Boat Base in Belgium

(Associated Press Telegram) New York, Aug. 1.—With a wide stretch of territory and more than 3,500 prisoners in their hands as the result of the first day's fighting in their new offensive, the British and French troops in Flanders spent last night consolidating their gains and repulsing the inevitable German counter attacks.

The new line which along the greater part of its stretch is from two miles to two and a half miles in advance of the old and includes ten captured towns within its limits, has been firmly held along the entire front. The consolidation process is being fast carried out under a torrential rain which is hampering further operations.

The official statement from British headquarters reports the capture of the following villages: La Bassée, Villers, Steenstraete, Bixchoote, Verlorenhoek, Frezenberg, Saint Julien, Pliken, Hooge, West Hoek, and Hollebeke and more than 3,500 prisoners.

Roughly speaking, the British penetrated positions held by Crown Prince Rupprecht of Bavaria, between Bessinghe and Waverton, and at the time of the filing of this dispatch were in possession of the first three lines of the German trenches at most points throughout this front.

The extent of the permanent advantage gained by the smashing of the German lines in this important section of the front will have to be judged by further developments.

Definite objectives were assigned the various allied units for attainment in the first day's stroke and these appear to have been gained almost in their entirety.

The logical supposition with the history of the Somme and Arras operations, particularly the former, in mind, is that the drive will be renewed as soon as the heavy guns are moved up, in pursuit of the plan of driving a wedge into the German lines by successive strokes until a point is reached when the falling back of the enemy on a wide front will be forced.

The importance to be attached to a drive into German-held territory in this sector must be gauged not only by the reclaiming of Belgium soil from the invaders, which it makes possible, but the threat it offers to the German submarine bases along the Belgian coast.

A push much further eastward along the present line of advance will be bound to shake the security of the German coast line.

The desperation of the German resistance, now manifesting itself in furious counter attacks, bears witness to the importance the German high command attaches to retention of the present front. This front has been shown to be not the rigid one the Teutonic claims have made it out. Badly bent by yesterday's attack the immediate future is likely to show whether it can be strained to the breaking point.

Advices from the allied capitals point to the expectation of the battle opened yesterday continued for weeks, if not months. The French troops evidently were not brought up to the Belgian front, away from their former field of operations for any brief effort at arms, and the Paris comment on the offensive particularly points to the vast preparations made for it and the large results hoped for. On the French front the Germans went on this morning with an operation they had been preparing in the Verdun region, launching an assault between Avocourt and Hill 304, northwest of the citadel, in an effort to regain the positions they lost on July 17. Only a few advanced elements of the French line, however, were reached by the crown prince's forces, the French fire stopping them short there.

## NEW EXPORT RECORD DURING YEAR 1917

(Associated Press Telegram) Washington, Aug. 1.—America's foreign trade in 1917 reached the unprecedented total of \$5,533,000,000, of which \$6,234,000,000 was exports and \$2,655,000,000 imports. Exports in June, the last month of the fiscal year, totalled \$576,000,000, the highest of any month in the country's history with the exception of last January. Imports during the month were valued at \$307,000,000. The increase in the country's total over 1916: \$4,511,000,000 over 1915, and \$4,635,000,000 over 1914.

(Associated Press Telegram) Petrograd, Aug. 1.—Michael Skokovitch, who on July 26 resigned as governor general of Finland, has returned to Helsinki and resumed his official duties.

## THIS COMBINATION SPELLS TROUBLE

An American student officer standing beside a 14-inch shell and powder required for firing it.

This group ideally typifies "Fighting America" and spells endless trouble for the Kaiser. The shell is one of many made in this country to batter down the Teutonic fortress. It weighs 1,070 pounds. In the bags are 325 pounds of smokeless powder.

## LABOR MINISTERS EMBARRASS THE BRITISH OFFICIALS

London, Aug. 1.—The fact that a member of the cabinet, Arthur Henderson, minister without portfolio in the war council, had gone on a mission to Paris with the pacifist, Ramsay MacDonald, member of parliament, George James Wardle, chairman of the labor party in the house of commons, and Russian delegates, aroused great irritation among the members of parliament and seems to threaten trouble in the government. The purpose of the journey is to confer with French Socialists in regard to the proposed conference of allied Socialists at London and the subsequent international conference at Stockholm.

The crux of the matter lies in the fact that Mr. Henderson since he returned from Petrograd reversed his attitude on the question of the British labor party and Socialists meeting the German representatives at Stockholm and now advises them to rescind the former resolution against joining the conference with enemy delegates. Mr. Henderson has not publicly explained his change of views, but it is known to be the result of his visit to Russia. It is stated that the heads of the labor party officially accepted his advice, which, nevertheless, seemed to have caused a crisis in the party which is now unanimous in its support of Mr. Henderson.

The government has been closely questioned in the house of commons in the last few days on the subject of Mr. Henderson's mission to Paris and the admission of Andrew Bonar Law, chancellor of the exchequer, that it was settled without the government's knowledge and that the government was ignorant of what he was doing in Paris, has increased the general irritation. Lobby correspondents say that the war cabinet, of which Mr. Henderson is still presumably a member, although his name was taken by George N. Barnes while he was in Russia, is gravely embarrassed by the turn events have taken.

Mr. Henderson's fellow-members of the labor party in the ministry, who are as ignorant as the members of the war cabinet, of Mr. Henderson's move, met in the house of commons last evening to discuss the extraordinary situation but decided to await his return before acting.

## AMERICAN STEAMER

### SUNK; 12 MEN MISSING

(Associated Press Telegram) London, Aug. 1.—The American steamship Motano of 2,730 tons gross was sunk by a U-boat submarine July 31. Twenty-two survivors have been landed.

### HAD 34 IN CREW.

(Associated Press Telegram) New York, Aug. 1.—The Motano sailed from New York July 10 for Queenstown, Ireland. The vessel was in command of Capt. L. S. Stratton and carried a crew of 34 men of whom 15 claimed American citizenship when signed on here before the United States commissioner of shipping. The Motano was built in 1890 at New Castle, England.

### SPANISH WAR CREDIT.

(Associated Press Telegram) Madrid, Aug. 1.—The cabinet has approved credits of twenty-eight million pesetas for the war department and for the improvement in army corps services.

## CHICAGO WOMAN NAMED ENSIGN IN U. S. NAVY

(Associated Press Telegram) Chicago, Aug. 1.—Mrs. William L. Osborne of Wilmette, a suburb, has received notice of her appointment as ensign in the United States navy, being one of two women holding such commissions. She has long been identified with work of aid at the Great Lakes Naval Training Station, and it was largely at the solicitation of the blue jackets there that the appointment was made, it is said.

## GERMANS EXECUTE WHOLE FAMILY ON ESPIONAGE CHARGE

(Associated Press Telegram) London, Aug. 1.—A dispatch received by the Wireless Press from Amsterdam says: "The German authorities at Liege, Belgium, arrested, tried and sentenced to death within three days an influential Liege merchant named Groner, his wife and their two daughters, aged 20 and 14 years, on the unproved charge of espionage."

"The father and mother were both shot to death in the presence of their daughters. The latter were offered their freedom if they revealed the names of their parents' accomplices. The girls refused, the eldest stating: 'If we speak we might cause fifty people to be killed. We would rather die alone.'"

"She was immediately shot. The youngest girl then was tortured, outraged and also shot."

## FALLS FORTY FEET FROM BRIDGE; BOTH WRISTS DISLOCATED

In a fall from the top of the Manning street bridge, a distance of 40 feet, Victor Harris, living in Leroy street, suffered serious injuries on Tuesday evening.

Harris was walking on the iron girders which top the Manning street bridge, and when he slipped he could not regain his hold and plunged to the floor of the bridge, a distance of 40 feet.

The Bazler ambulance was called and he was hurried to the Newark street hospital. He was found to be suffering from a dislocation of both wrists, a large gash cut on his head, and minor bruises and cuts. His escape from death was miraculous, owing to the distance he fell.

## GERMANS ORGANIZE TO OPPOSE PRUSSIANISM

(Associated Press Telegram) Chicago, Aug. 1.—The organization of German-Americans of revolutionary stock of 1848 to protest and work against the Prussian militaristic caste, was announced today by Otto C. Butz, who acted as sponsor for the movement in Chicago. Similar organization will be effected in New York, it was said. According to Mr. Butz many Americans of German descent abhor the Prussian system of frightfulness which has found expression in the Zeppelin and the U-boat warfare.

## VIGILANTES HANG I. W. W. LEADER TO BRIDGE BEAM

Card Pinned Told Others It Was First and Last Warning

## FREQUENTLY CRITICIZED FEDERAL GOVERNMENT

Called United States Troops "Uncle Sam's Scabs in Uniform"

(Associated Press Telegram) Butte, Montana, Aug. 1.—Frank Little, a member of the executive board of the Industrial Workers of the World, and a leader in labor troubles in Arizona, was taken from a lodging house early today by masked men and hanged to a railroad trestle on the outskirts of the city.

The body was cut down at 8 a. m. by the chief of police, Jerry Murphy, who identified it. Little, in a recent speech here referred to United States troops as "Uncle Sam's scabs in uniform."

Since his arrival in Butte recently from Globe, Arizona, Little had made a number of speeches to strikers in all of which he had attacked the government and urged the men to shut down the mines of the Butte district. He was bitter in his denunciation of the government.

His record was under investigation by the federal authorities whose attention had been called to his activities. On the other hand, the report was current that Little was in the employ of a detective agency and one theory was that he was a victim of the radical element of whom he appeared to be a member. Little took a leading part in recent labor troubles in Arizona. He addressed a letter to Governor Campbell of Arizona, protesting against the deportation of I. W. W. members from Bisbee. This letter was written from Salt Lake. Governor Campbell replied, telling Little he resented his interference and his threats. Little was understood to have the confidence of William D. Haywood, secretary of the I. W. W. national organization and was regarded here as one of Haywood's confidential agents.

Little was a cripple but active, and a fearless speaker. On Little's body was a card bearing the words: "First and last warning. Others take notice. Vigilantes."

Little was taken out of the building in which he lodged by a party of masked men who took him away in an automobile. He was not given time to dress. The building is near the Finn Hall, which is headquarters for the new metal mine workers' union which recently called a strike of miners and which was frequently addressed by Little.

HAYWOOD EXPRESSES REGRET. (Associated Press Telegram) Chicago, Aug. 1.—Frank Little, who was lynched early today at Butte, Montana, had been identified with I. W. W. since 1906. His home was Fresno, Calif. He was 38 years old and single.

Word of his death was received with emotion by W. D. Haywood, secretary of the national organization of the I. W. W. "Frank Little was an earnest, active advocate of the interests of the working classes," said Mr. Haywood. "I cannot begin to say how deeply I regret his death. He was well known not only to Industrial Workers of the World, but to the working classes generally throughout the west."

Before becoming identified with the I. W. W. organization in an official capacity, Little was a miner.

## FRENCH AIR HERO BROUGHT DOWN 50TH GERMAN AIRPLANE

Paris, Aug. 1.—Captain George Guynemer, one of France's leading airmen, has brought down his 50th German airplane. The French aviator had been sick in the hospital in the latter part of July after scoring his 49th on July 28 and 48th victories, but on July 28 he returned to duty, and on the same day brought down one machine north of Ypres, Belgium, and another, the 50th, close to Southwold Forest.

## NEED MORE SEAMEN FOR AMERICA'S MERCHANT FLEET

Washington, Aug. 1.—Plans for obtaining seamen needed to man the new merchant fleet of the United States were considered at a conference here today arranged by the secretaries of labor and commerce. Representatives of the state, commerce and labor departments, the shipping board, ship-owners, masters, mates and pilots, and the chamber of commerce of the United States were in attendance.

## MOTHER TIES BABE TO HER BODY AND LEAPS INTO LICKING RIVER

Her mind affected by the sufferings of the past year, Mrs. Ray Norris, 28, wife of Ray Norris, Monroe avenue, and employed by the Lacey Commission company, took her life and that of her little daughter Dorothy, 3, whom she tied to her when she jumped into the Licking river at Stadden's bridge this morning.

Illness had brought on the mental trouble and the heat of the past few days had intensified the illness of Mrs. Norris, until it was found necessary to take her to Columbus for treatment. She was being cared for by her mother-in-law, Mrs. Thomas Norris of Columbus, and was to have been taken home with her tomorrow. This morning while the elder Mrs. Norris had gone upstairs on an errand, the younger woman took her little daughter by the hand and hurried away. As soon as she was missed from the home the mother-in-law started search through the neighborhood, but she was not found in any of the homes. The neighbors becoming alarmed with the family aided in their search, and persons were found who had seen Mrs. Norris hurrying east, accompanied by her little daughter.

She was traced to Stadden's bridge, and a hunt was made at once along the river banks. Help was asked from the local police and grappling hooks were sent to assist in the search. About three hours after disappearance, or about 10:30 o'clock, her body was found east of the Stadden bridge, with that of her little daughter, tied around her waist. A piece of a clothesline had been used to make the body of the daughter secure, but it was not learned where she secured the rope.

Mrs. Norris was formerly Miss Maud Boyd, and her home was at Black Run, east of the city. She is survived by her parents, a young son Robert Raymond Norris, age 7 months, and her husband.

The bodies of the mother and child were brought to Newark by the Bradley ambulance, and prepared for burial. The hour for the double funeral has not been arranged.

## GERMAN CRITIC SAYS U-BOATS WEAKEN BRITISH

(Associated Press Telegram) Copenhagen, Aug. 1.—The German semi-official preliminary report on the British offensive printed today under the headline "Before great infantry attacks," stated that front positions were converted into shell hole fields and that battery stations were riddled with shell craters. The German artillery despite the terrific bombardment by shells of all calibre up to 15 inch and the lavish use of gas had not let up a minute and was successfully combating the British fire, the statement says. The British batteries were obliged to pause from exhaustion on the 29th until midday, when they attempted to escape punishment by smoke screens. The Berlin Lokal Anzeiger's military critic says that the offensive was delayed and weakened by the submarine campaign. England consequently is no longer superior in artillery and aviators and battalions at the front are on a reduced footing because of the need of workmen in home munitions factories.

Major Morant, in the Tages Zeitung, estimated the evening before that General Haig, despite weeks of cannonading had been unable to effect adequate infantry preparation and was afraid to attack.

## ADMIRAL'S REPORT ON U-BOAT ATTACK VERIFIES STORIES

(Associated Press Telegram) Washington, Aug. 1.—The detailed report of Rear Admiral Gleaves respecting the submarine attack on the American transport expedition to France, was received today by Secretary Daniels and forwarded to Chairman Dillman of the Senate naval affairs committee. It probably will be made public later.

It was said that the report, which is in detail, and supplementary to the brief report on which the navy department announced the successful repulse of the submarine attack, is in accord with the facts which the navy announced at that time but which since have been attacked as an exaggeration.

Admiral Gleaves, who commanded the destroyer flotilla, which guarded the transports, made the report to Admiral Mayo, commander of the Atlantic fleet. It is understood to tell in detail how the German submarines, lying in wait for the American transports, attacked them twice and were driven off in a fight which destroyed one German submarine and probably others.

## SLAV MINISTER CALLS DR. MICHAELIS LIAR

Petrograd, Aug. 1.—Foreign Minister Terestchenko denies absolutely the declarations attributed to him by Dr. Michaelis, the German chancellor. He issued a statement, saying: "The Russian foreign minister drew up no protests or made any special declarations to the French government beyond a general declaration by the provisional government respecting war aims which was generally made known May 8. This declaration, which was sympathetically received, will be thoroughly examined by the inter-allied conference to be held shortly."

### MILK PRICES HIGHER.

(Associated Press Telegram) Cleveland, O., Aug. 1.—Effective today members of the Cleveland Caters' Association charge 10 cents per glass for milk, an increase of 100 per cent.

### 12 CENTS AT ELVIRA.

(Associated Press Telegram) Elvira, O., Aug. 1.—The price of milk advanced here today from 5 to 12 cents a quart, and from 5 to 7 cents a pint.

### 10 CENTS AT MARION.

(Associated Press Telegram) Marion, O., Aug. 1.—Milk dealers today increased the price of milk from 8 to 10 cents a quart.

## DRY DEBATE TAKES ATTENTION FROM WAR TAX MEASURE

(Associated Press Telegram) Washington, Aug. 1.—With the basic elements of new revenue levies decided upon by the Senate finance committee revising the war tax bill, today began the task of working out the details by which it is planned to increase the bill's total from \$1,670,000,000 to about \$2,000,000,000 chiefly through additional taxes on intoxicants and on personal and corporate incomes.

## COAL CLEARING HOUSE PREDICTS \$5 TON PRICE

(Associated Press Telegram) Columbus, O., Aug. 1.—The state coal clearing house organization announced yesterday that its investigations show that domestic coal consumers will have plenty of coal this winter and that profits accruing after the coal leaves the mines will not be exorbitant. The clearing house virtually is assured. The announcement came after a conference with Governor Cox.

Particular attention has been paid to the Columbus situation because it is considered representative and the market of the average type in the state.

Using the tentative prices fixed by the government—\$3 for run of mine and \$3.50 for forked lump, of which the clearing house can only avail itself, Columbus dealers have agreed to deliver run of mine coal on premises at \$4.95 a ton and forked lump at \$5.50 a ton. The price arrived at by adding the cost at the mine and two additional items of expense—65 cents a ton for freight and \$1.30 for hauling and overhead.

It is announced that if the federal government should make a reduction in at-the-mine prices, the whole part of the reduction will be deducted from the newly established delivery prices. For instance, the clearing house pointed out, if the run of mine price is reduced to \$2.50, the price in Columbus will be \$4.45.

"Reduced to a few words," says the clearing house statement, "the situation in Columbus, which means that it will be the same elsewhere in the state, approximately is this: The maximum cost delivered of run of mine coal will be \$4.49 and that of forked lump \$5.50. Whatever additional relief is supplied by the federal government will be deducted from these two costs."

## COMMISSION NAMED FOR HOME FOR CRIPPLES

(Associated Press Telegram) Columbus, Ohio, Aug. 1.—The commission that will select a site for the Ohio institution for the education of deformed and crippled children, appointed by Governor Cox, shows but one change from the old board. Walter H. Brown, of Toledo, was named to take the place of H. H. Timkin, of Canton. Other members are John A. McDowell, of Ashland; W. P. Haines, of Cincinnati, and the governor and auditor of state as ex-officio members.

### OBREGON ON WAY BACK.

(Associated Press Telegram) Mexico City, Aug. 1.—General Alvaro Obregon, who resigned as minister of war under President Carranza last May and retired to his home in Sonora, is now reported on his way back to the capital. He is said to have arrived at the Pacific seaport of Mazatlan. Two Spaniards and five Cubans are reported to have been expelled from Tampico. The men are alleged to be labor agitators.

### SUBMARINE INTERRED.

(Associated Press Telegram) Madrid, Aug. 1.—The German submarine UB-23, which entered the roadstead of Corunna Monday in a seriously damaged condition, has reached Ferrol, 12 miles northeast of Corunna, escorted by the Spanish torpedo boat Audaz. It will be interred there. The Germanophile press protests against the strict application of the decree but not so violent as formerly.

## RAIN PROMISED FOR THURSDAY; STILL IT'S WARM

Early Morning Hours Were Warmer Than Yesterday; Thermometer Shows

## CITIES CONTINUE TO SUFFER IN HEAT WAVE

Many Prostrations Are Reported From Larger Cities

Yesterday's telegraphic dispatches reported the following fatalities from heat in the various large cities: Chicago, 19; Cleveland, 11; New York, 12; Pittsburgh, 11; Philadelphia, 8; Detroit, 8; Toledo, 3; Jersey City, 3; Baltimore, 3; Boston, 2; Trenton, 1.

TODAY'S TEMPERATURE:  
5 A. M. .... 75  
9 A. M. .... 86  
10 A. M. .... 88 1/2  
12 Noon .... 89  
2 P. M. .... 92 1/2

Newark people continued to swelter today, the third day of the heat wave, which is the worst of the summer. Thermometer readings this morning showed that temperature was several degrees warmer during the earlier hours than yesterday, but a slight breeze helped temper the rays of the August sun slightly.

A day started with a temperature of 75 degrees at 7 o'clock. Two hours later it was 86, and by noon had increased to 92 degrees. There was two degrees warmer than at noon yesterday. The temperature record was taken from the government-tested thermometer at the J. C. Brown grocery, East Main and Buena Vista streets.

One heat prostration was reported—that of Norval Brown, 2-year-old son of Paul Brown, South High street. The little one was taken in last night, but was somewhat improved today.

The fatal tragedy in East Newark—the suicide of Mrs. Mary Norris, who took her life and that of her three-year-old daughter when they were last night, but was somewhat improved today.

Every swimming pool within reach of the city was thronged with bathers last night, and the continued heat today promises further congestion at these points this afternoon and tonight.

Every swimming pool within reach kicking. But 90 degrees weather is so productive of results in the best field that the agriculturists like to see it continue.

The weatherman, while promising some relief in the northwestern part of the state tonight, delays his promise of rain and lower temperature for the rest of the state until Thursday. In the meantime, Newark people continue to swelter and resort to cool drinks, fans, the shower, and the swimming pools.

### 21 HEAT VICTIMS.

(Associated Press Telegram) Chicago, Aug. 1.—Twenty-one deaths attributed to the heat, were reported in the last 24 hours, and city health authorities predicted the deaths today would exceed that number unless the promised relief arrives before night. At 8:30 a. m. today street thermometers registered 85 degrees and the temperature was rising.

For the last two days the temperature has reached 93 degrees in the shade and on Sunday the maximum was 97.

### MANY ARE PROSTRATED.

(Associated Press Telegram) New York, Aug. 1.—New York continued to swelter today in the heat wave which has held the city in its grasp for the last two days. There was no relief in sight, according to early reports, while those who were forced to go to work sought refuge in elevated lines in preference to subways. The conditions threatened who spent the night in the parks or at the beaches were leaving the city carried hundreds seeking relief from the hot pavements in the downtown districts. Late reports from various sections of the greater city. (Continued on Page 2, Col. 7.)

## R. M. JONES NOTED EDUCATOR IS DEAD

(Associated Press Telegram) Philadelphia, Aug. 1.—Richard M. Jones, a widely known educator and for forty-two years headmaster of Penn Charter school, the oldest preparatory school in America, died at the University of Pennsylvania hospital today. He was born in Lancaster county, Maine, 74 years ago and was graduate of Harvard college. Dr. Jones was the first school head to employ a professional football coach. He was credited with having put into successful operation nearly forty years ago the system of faculty control of athletics with a director co-equal with members of the teaching staff.

## Out to-day New Victor Records for August

### Two brilliant interpretations by Paderewski

Chopin's "Nocturne in F Sharp Major" and "Polonaise Militaire," played as only the world's master pianist can play them.

Victor Red Seal Records 74529 and 74530 Twelve-inch, \$1.50 each.

### Zimbalist charms with simple negro melody

An exquisite violin translation of the favorite "Massa's in de Cold, Cold Ground" that brings out all its beauty.

Victor Red Seal Record 64638. Ten-inch, \$1.

### Two patriotic numbers by Reinald Werrenrath

This gifted baritone not only sings splendidly "Flag of My Heart," but gives stirring recitation of "Your Flag and My Flag."

Victor Blue Label Record 45124. Ten-inch, \$1.

### Two delightful sentimental songs by Charles Hart

Four charming good patriotic song hits

New records of "Battle Cry of Freedom" and "Hail, Columbia"

35 others including

- |                                   |                                      |
|-----------------------------------|--------------------------------------|
| 6 Lively Dance Numbers            | 2 Excellent Saxophone Sextet Records |
| 2 Beautiful Orchestral Selections | 12 Attractive Popular Songs          |
| 4 Favorite Concert Songs          | 2 Charming Cello Solos               |

Hear these new Victor Records today at any Victor dealer's. He will gladly give you a complete descriptive list and play any music you wish to hear.

There are Victors and Victorolas in great variety of styles from \$10 to \$400.

Victor Talking Machine Co., Camden, N. J.

Important Notice: Victor Records and Victor Machines are scientifically coordinated and synchronized by our special processes of manufacture, and their use, one with the other, is absolutely essential to a perfect Victor reproduction.

New Victor Records demonstrated at all dealers on the 1st of each month

## MID-SUMMER WORK IN THE GARDEN

BY F. F. ROCKWELL.

Author of "Around the Year in the Garden," "Home Vegetable Gardening," Etc.

Copyright 1917 by W. Atlee Burpee & Co., Seeds Growers, Philadelphia

Abraham Lincoln used to tell a story, by way of illustrating what the promises of some of his political opponents amounted to, of a splendid boulevard he once came across in a western city. It began as a fine avenue, flanked with magnificent trees on either side, and wide enough for three coach-and-fours to drive abreast, but just beyond the town limits it became a dirt road, and then a cowpath, and finally became a squirrel path that ran up a tree and ended in a knot-hole!

Some of our "war gardens" are going to end like that this year. Every season in fact, war or no war, there are many gardeners who start out most enthusiastically in the spring and do excellently in getting their gardens started, only to have their good resolutions "peter out" toward mid-summer, and finally let things slide entirely. This means that they not only lose the opportunity to get a fall as well as a summer crop from their gardens, but forfeit the benefits of much of the work they have already done, and by raising a crop of weeds, waste the fertility of the soil and sow a lot of

**BELL-ANS**  
Absolutely Removes  
Indigestion. One package  
proves it. 25cat all druggists.

period of dry weather, also helps to keep the moisture in the soil. That is, if the surface of the soil, all over the garden, is kept finely pulverized and dry, the moisture below the surface can be saved. The dry "dust mulch" on the surface acts as a covering of leaves or straw manure would do, keeping the moist soil below it protected from the sun and wind, which otherwise would cause it to be used up rapidly by evaporation.

This frequent summer cultivation should not be deep enough to cut or break the plant's roots. One to two inches is deep enough. If you have not got a wheel hoe, which is just the thing for this work, get a slide or scuffle hoe. This will cost but 10 cents or so, will do the work much quicker and better, and will last for years. A blade eight inches wide is better than a wider one for general use.

The quick growing crops, such as radishes, lettuce, bean, kohi rabi, early turnips, and peas, which every one plants in the spring, are often absent from the fall garden. There is no reason why you should go without any of these if you like them, as there is still time to plant them, and usually plenty of room to put them in after early crops just as soon as the latter can be got out of the way. Many gardeners don't even wait for the first crops to be wholly used up, but make their succession planting between the rows of such things as are nearly harvested, so that they will be ready to take their places without any loss of time in between. Use summer or winter varieties of radishes for sowing now, such as Chertiers or Snowball, or Colestail or Chinese Rose. For turnips for quick use, the old favorites White Milan and Petrowski are good. Use early varieties of peas or beans, such as Lit-

tle Marvel or Alaska, and Stringless Greenpod and Longfellow.

Suggestions for fighting insects and drought will be given in the next article on Summer and Fall Gardening, which will appear in an early issue of the Advocate. A full description of the varieties mentioned above, with many others, and a great deal of other helpful garden information may be had by sending to W. Atlee Burpee & Co., of Philadelphia, for their Mid-Summer Garden Book, which will be supplied free of charge to readers of the Advocate, if they mention the name of this paper when requesting it. Ask also for their free book on Root Crops for Stock and for Winter use.

### WHY SUFFER

During the hot sultry days every man should be prepared to withstand the heat by wearing clothing that is cool and comfortable. Many think they can not afford to purchase two or three suits for summer wear. It does not cost much if you stop and think how easy it is to buy clothing that has style and at the same time will wear well. You do not have to have a tailor made clothes when you can get at J. M. MITCHELL'S store clothing that will fit you, have style and feel cool and comfortable during these hot days. Palm Beach and Kool Cloth suits at \$7.50 to \$10—have style and fit and will wear.

Electric Fans cool the rooms, ask The Avery & Loeb Electric Co., 1355 Auto phone.

1741 auto phone and ask Phil Vogelmeier to call and store your goods or piano in the new modern fire-proof storage warehouse. 21-21

## KILLARNEY GIRLS OPEN CHAUTAUQUA; WHITNEY GIVES "TURN TO THE RIGHT"

Afternoon—The Regniers; Children's Hour, "In Fairyland," Miss Reynolds; Lecture, "Mrs. Uncle Sam Wears In," Ida C. B. Allen.  
Evening—Music and Impersonations, The Regniers; Lecture, "An Awakening Nation," Ng Poon Chew.

The big Chautauqua tent was all ready for the opening at noon today. The crew was at work all morning finishing arrangements. The crew is composed of college men, principally of Ohio State University. The property man, who has charge of the entire tent, is K. M. Beery, a senior at Ohio State, and whose home is in Columbus.

H. C. Clark, formerly of Denison University, and well known in Newark, is the electrician, and will be enrolled as a junior at Ohio State.

The cashier of the Chautauqua is D. L. Davies of Columbus and a sophomore of Ohio State. Both he and Mr. Beery are members of Delta Epsilon fraternity.

C. E. Phillips of Springfield, who enters Ohio State in the fall is the gate man.

B. F. Young, the superintendent, is a Zanesville man and a graduate of Ohio Wesleyan University at Delaware, taking his degree work at Columbia.

The Killarney Girls arrived at noon today for the opening number. They have been on the Chautauqua platform for a number of years and

are an expensive group of entertainers. They are college girls and give a number of sparkling legends, songs, and impersonations in Irish costume.

Miss Rita Rich is the manager and director, and assisting her are the Misses Peggy Andrews, White-Hermans, Werno and Kern. Their homes are in Chicago and New York. The evening concert precedes the reader.

Edwin M. Whitney, who gives an interpretation of a new play, "Turn to the Right," it is along the line of "Kick In," "Within the Law," and other Crook plays. The play is full of comic situations but through it all is a strong appeal. A crook after spending a year in Sing Sing decides to "turn to the right," hence the name of the play, which Mr. Whitney has the exclusive right of presenting.

The Fairmont, W. Va., "West Virginian" says: "Mr. Whitney's interpretation of the new play, 'Turn to the Right,' was one of the finest and most artistic pieces of work ever put on a local platform. He swayed his audience at will, and brought tears and laughter to the people, with each character he portrayed."

The children's worker, Miss Reynolds, will arrive Thursday noon and after the prelude work will organize the Junior Redpath club, with the election of officers and work will be started for the week. A child's ticket will allow all boys and girls to become members of the Junior club. There will be a story hour Thursday afternoon after the organizing of the club.

## GOVERNOR COX ADDS FIVE TO DRAFT QUOTA IN CITY OF NEWARK

The second 120 names of Newark's 220 men who will be the first to be called before the exemption board will be published tomorrow. The members of the local board are busily engaged today sending out the notices to the first 120 men whose names were published yesterday.

Following the action of Governor Cox yesterday, recalling the net selective service quotas for correction of a clerical error due to the Stark county registration board's having given that county a fictitious quota of 1327 men, it stated that each district will be called upon to supply more men than originally required in the quota. Ohio's quota is to be approximately 38,000 men.

From Columbus this afternoon came the announcement that each district quota would be increased by three percent. This will add 5 to the original quota of 179 fixed for Newark, making the net quota 184 which the city must furnish.

The same percentage applied to the original quota of 151 in the county district will add five to the number to be selected by the county board in session at Granville, making the net quota 156 for the county. Add local draft story.

The draft board for district No. 1, Licking county, located in Granville, has mailed notices to 302 men on the available list for physical examination which they have divided into numbers 09, 101, 101, and 100. John M. Price of Chicago has been secured as clerical assistant of the board, who is to be in charge of headquarters where those called can obtain notices of exemption and affidavits in proof of their claims for exemption. The first hundred names with addresses are appended.

- 1-258 Roshan, Homer J. Reynoldsburg.
- 2-48 Jenkins, Sidney, Cambridge.
- 3-149 Myers, Fred W. M. Johnston.
- 4-34 George, Paul Jacob, Pataskala, R. D. 1.

- 100-182 Jones, Brice, St. Louisville.

## NEW AUTOMOBILE PRESENTED TODAY TO MRS. LOUGHMAN

Mrs. J. S. Loughman, 123 West Church street, wife of the well known postoffice clerk, is the happy owner of a new Overland automobile, presented to her at 2 o'clock this afternoon by the New King company.

In the presence of a committee consisting of Messrs. Frank S. Neighbor, W. H. Mazy and C. H. Spencer, William Grant, a young lad from Cambridge, O., drew No. 19236 which was registered in the name of Mrs. Loughman. A large crowd was present at the King store when the award was made.

The Advocate called Mrs. Loughman on the phone and she was naturally delighted with the news. "We have had no machine" said Mrs. Loughman. "The announcement is such a delightful surprise that I hardly know what to say except to express my appreciation."

## PROF. WILSON TAKES CHARGE OF COUNTY SCHOOLS WEDNESDAY

N. B. O. Wilson of Middletown is to take charge of the county schools as superintendent, and will begin his term of office August 15. Mr. Wilson arrived in the city yesterday. A meeting of the county board of education was held in the offices in the Trust building this morning and Mr. Wilson was sworn in office. Mr. Wilson takes the place of Mr. Elmer Jordan, who has been the county superintendent.

Frank Koonitz of St. Louisville, Charles F. Brown of Hebron, Mr. Mauger of Pataskala, Bert Castle of Johnstown, and Mr. Stevens of Linville are members of the county board.

**JOHN O. SHEEN.**  
John Orville Sheen, three weeks old son of Mr. and Mrs. Frank Sheen of 413 Washington street, died about 8 o'clock last night after a short illness. Funeral arrangements have not been completed but the funeral is expected to take place tomorrow.

23123 Society Editor.

## BAIN PROMISED FOR THURSDAY; STILL IT'S WARM

(Continued From Page 1)  
placed yesterday's heat victims at 17 dead and 188 prostrations. Twelve deaths and 211 prostrations occurring between 2 and 10 a. m. today were reported by the police as taking place in various parts of the greater city. The minimum temperature recorded during the past 24 hours was 48 degrees at five a. m. from which hour the mercury again began to go up an at 9 o'clock it had reached 89 degrees, one degree higher than the same hour yesterday.

**HEAT WAVE IS GENERAL.**  
(ASSOCIATED PRESS TELEGRAM)  
Washington, Aug. 1.—Intense heat continued today over most of the country and was at its highest point in the east where New York City at 8 o'clock was sweating under a temperature of 88 degrees—the highest recorded at that time anywhere in the United States.

The hot wave had extended into Canada and at Montreal at 8 o'clock the thermometer registered 80 degrees against a maximum temperature of 78 yesterday. The highest temperature in the United States yesterday was reported from Red Bluff, Cal., with 104 degrees. Rejected by rains was promised for tonight in the west, but in the east little change was indicated and it was predicted the hot wave would continue until Thursday or Friday. From central Illinois, on the west, to New England, on the east, the area of highest temperatures extended today while in other parts of the country the thermometer was far above seasonal average.

There has been some cooling by local thunderstorms in Iowa, Wisconsin, Missouri and part of Kansas. Showers are probably tonight and Thursday in lower Michigan, Indiana, Ohio and along the Great Lakes. Elsewhere in the east the high temperatures will continue, but there must be some cooling in the northern portions of the middle Atlantic states Thursday night or Friday.

**MORE DEATHS REPORTED.**  
(ASSOCIATED PRESS TELEGRAM)  
Philadelphia, Aug. 1.—Additional deaths during the night increased the list of yesterday's heat victims to 13. Of the 300 or more who were prostrated, several were reported early today to be in a serious condition and it was feared some of them would not recover.

The intense heat continued throughout the night with a drop of temperature of less than 10 degrees from the maximum of 91 registered yesterday afternoon. Thousands of persons slept in the parks, squares and recreation centers while in the congested districts every available roof was occupied by families seeking relief.

**THIRTEEN BABIES DEAD.**  
(ASSOCIATED PRESS TELEGRAM)  
Cleveland, O., Aug. 1.—The government kios, on the public square, registered 95 degrees at 11 o'clock this morning, but a slight breeze off the lake tempered the heat. Yesterday's death toll from the heat was 15—13 of them babies.

**FLETCHER IN MEXICO.**  
(ASSOCIATED PRESS TELEGRAM)  
Mexico City, Aug. 1.—Henry P. Fletcher, the American ambassador to Mexico, returned here late last night from his visit to the United States.

## LIVINGSTON WOULD TRAIN DRAFT MEN FOR MILITARY WORK

Prof. Walter J. Livingston of Granville has offered his services to the drafted men of Licking county in the capacity of training them for a few weeks before they go into a cantonment.

Prof. Livingston drilled the men of Denison this spring and after school was out went to Chicago University where he has just completed a six weeks' course with exactly the same work as the men are getting at Fort Benjamin Harrison and Fort Sheridan. Mr. Livingston is thoroughly competent to give the men the training and has offered his services free of charge through Frank L. Johnson, secretary of the Y. M. C. A.

Arrangements will probably be made to take advantage of Prof. Livingston's offer as any previous training the men might receive will go a long way towards providing the men with the necessary qualifications for petty officers.

**BLASTING INJURES BOY.**  
Taylor Kussmaul who has charge of the blasting and excavation work at the waterworks dam has had some trouble in keeping bathers away from the place when blasting is going on. A boy was struck with a piece of cement yesterday but was not injured seriously. The work will be finished in a week.

**Nice Cool Breezes—Electric Fans produce them. Get one today at Avery & Loeb Electric Co., 46 N. Third st.**

## Wash The Electric Way

TAKE things easy on Washday. Don't rub away your strength and beauty over a tub of boiling suds. Conserve your vitality for other things of more importance, and let Electricity do your washing. By 9:00 o'clock the work will be over. Your clothes are spotlessly clean and you feel as fresh as if the washing hadn't even been started. Even the wringing is done electrically.

### Costs Only a Few Cents To Operate

The average cost of Electricity for a large family washing is only 5 cents. An Electric Washer soon pays for itself. Cuts laundry bills; saves time, labor, health and clothes. Will wash the heaviest blankets or the flimsiest laces equally well, and can't tear or wear the most delicate pieces. A tubful of clothes takes only 10 minutes or so.

You are going to use electricity soon. Why not equip your home now for its many comforts? Ask us for prices on wiring.

## The Ohio Light & Power Co.

### DEPENDENCY MUST BE PROVEN; WIVES CAN BE PROSECUTED

Washington, Aug. 1.—Hasty marriages made since July 20, the date of the army draft drawing, in an effort to escape conscription through the claim of a dependent wife, will not be considered ground for discharge, unless the wife is actually dependent upon the husband's daily labor.

Prompted by reports from many cities of marriage license bureaus besieged by men included in the first draft call, Provost Marshal General Crowder ruled that "marriage is not of itself a valid ground for making claim for discharge."

Dependency is a matter of fact, not of law, General Crowder pointed out. "A man whose wife is mainly dependent on his daily labor for support," he said, "may claim exemption on that ground. Only the exemption boards can determine this fact. Where dependency is claimed and circumstances show a marriage hastily consummated since July 20 by a man whose number is high on the available list, the actual fact of dependency must be closely scrutinized."

Moreover, General Crowder declared, women who marry men merely to aid them to be slackers are liable to prosecution under the draft act.

In his ruling, General Crowder adhered strictly to President Wilson's draft regulations, which draw no distinction between a dependent wife acquired before or after the drawing. Secretary Baker, however, advocated refusing exemption to any man married after the drawing, saying the draft should be considered a prior claim, but this course will not be followed.

Fears of some officials that delay in obtaining materials and sufficient labor for national army cantonments would postpone the mobilization long past September 1 were dissipated today by an announcement by Secretary Baker that 78 per cent of the cantonment materials are now on the ground and that reports indicate everything will be in readiness, or nearly so, in another month. No definite date for mobilization was ever fixed, but Secretary Baker has indicated that every effort would be made to effect it about September 1.

#### HAVE YOU

Have you looked over your wardrobe lately and found that you need some in a short time? If you ever expect to purchase furnishings as low as the offering Wales Collins is making you must lay in your supply now, for these will not last much longer. In fact some of the best things in the store have been sold. There are yet a few of the wonderful bargains still left and we advise you to come soon as these will not last long. Just think of purchasing fine furnishing right in the heart of the summer at prices that can not be duplicated at wholesale today. Come now, don't put it off longer. 34 South Third street. 8-11

**HORSE'S KICK FATAL.**  
Columbus, Aug. 1.—John P. Bolin, aged 43 was kicked on the jaw by a horse last Thursday and died at the home of his mother, Monday.

### HOUSTON PREPARES FOR BIG ARMY CAMP MR. HOPKINS' LETTER

Houston, Texas, is making elaborate plans for the welfare and entertainment of the big selective draft army which will be trained near that city, according to William E. Hopkins of Newark, who is to look after the recreational work in the camp. In a letter from Houston Mr. Hopkins expresses his enthusiasm over the prospects of efficient cooperation from Houston people. His letter also contains a critical comparison of the various camp sites he visited. He says:

"I have waited eagerly for a list of the Licking county men who are called to the colors, but have not yet received it. Mr. and Mrs. Fleck and my own family visited the camp at Chillicothe with our boys in mind. We expected them to be trained there, but later reports are so conflicting that we must wait until they are located before planning for their comfort. It will be a satisfaction to have our own secretary, Frank L. Johnson, at their Y. M. C. A. camp, wherever may be the boys to whom he ministers. Licking county is surely doing its share in its contribution of men."

"Training camp conditions at Indianapolis, St. Louis, Little Rock, San Antonio and here at Houston, present striking contrasts. Any one of these locations is far more desirable than Chillicothe. Indianapolis is the most ideal camp city of all. In size, recreational facilities, variety of attractions, and in the hospitality of its people, it averages highest."

"St. Louis presents a greater variety of attractions and on a larger scale, but practically inaccessible to the camp. Little Rock expresses a charming hospitality, but its resources, over-taxed by 4,000 men, will be inadequate when the new camp opens with its 40,000 more. San Antonio with a population (1916) of 123,000, has so large a proportion of Mexican, Negro and mixed nationalities that is available resources for the military will be overwhelmed by the 80,000 troops to be trained here; yet the natural resources, the grounds, the climate, all make this the logical headquarters for the Southwest."

"Houston is the Chicago of the South. The population in 1916 was 112,000; it is now 125,000. It is new and modern in its public buildings, business district, its city plan and paving, its public utilities and residences. The early settlements have nearly disappeared. It is a new city. The enterprising spirit of the city is expressed in the preparations under way for the cantonment and the care of the troops. Everything is on the large plan of a city with men of vision and unlimited resources."

"I lunched yesterday with the Rotary Club on the roof of the Rice Hotel, the highest building in town. I saw Texas from my place at

table. Much of the country from Little Rock to central Texas is a low wet jungle—covered with swamps, frog ponds, and scrub woodland with occasional settlements of stunted crops, muddy roads and poor buildings. Williams county is the banner cotton belt and certainly looks good with its broad fields of green cotton plants. The corn was burned up by the drought, but on my arrival a two days rain made the country live again."

"But Houston is in the center of a level plain—level as a floor," one man said. The camp is west of the city in one of the beautiful tracts of pine land. The ground is literally level as a floor and the Illinois boys will enjoy the cool shade of the pines. From the roof garden I can see stretches of green fields, dotted with farm houses, and beyond the horizon stretches for twenty miles of beautiful green. I prefer the

hills of Licking county for scenery, but this landscape reminds me so much of home—India—that I cannot refrain from enthusiastic admiration."

"And off to the south-east seven miles is our 'cut in' from the gulf. Ocean steamers, war craft and pleasure boats come to our door. And 25 miles is Sylvan Beach, a gulf resort. Galveston is but 30 miles with the real sea. I love the sea and am so eager for the first dip in the surf! But business first! I have to organize four Newark's to care for 30,000 soldiers—perhaps 50,000! Some task, but you have helped me prepare for the job. Thank you."

"I arrived Tuesday morning after ten days on the road. The study and investigation at other camps was such a help. Have been in it from the first hour. Have held six committee and conference meetings, de-

livered four addresses, made numerous calls, and have the town all stirred up. What things will be like in three months from now, you can imagine. Will give you my plan of organization in my next."

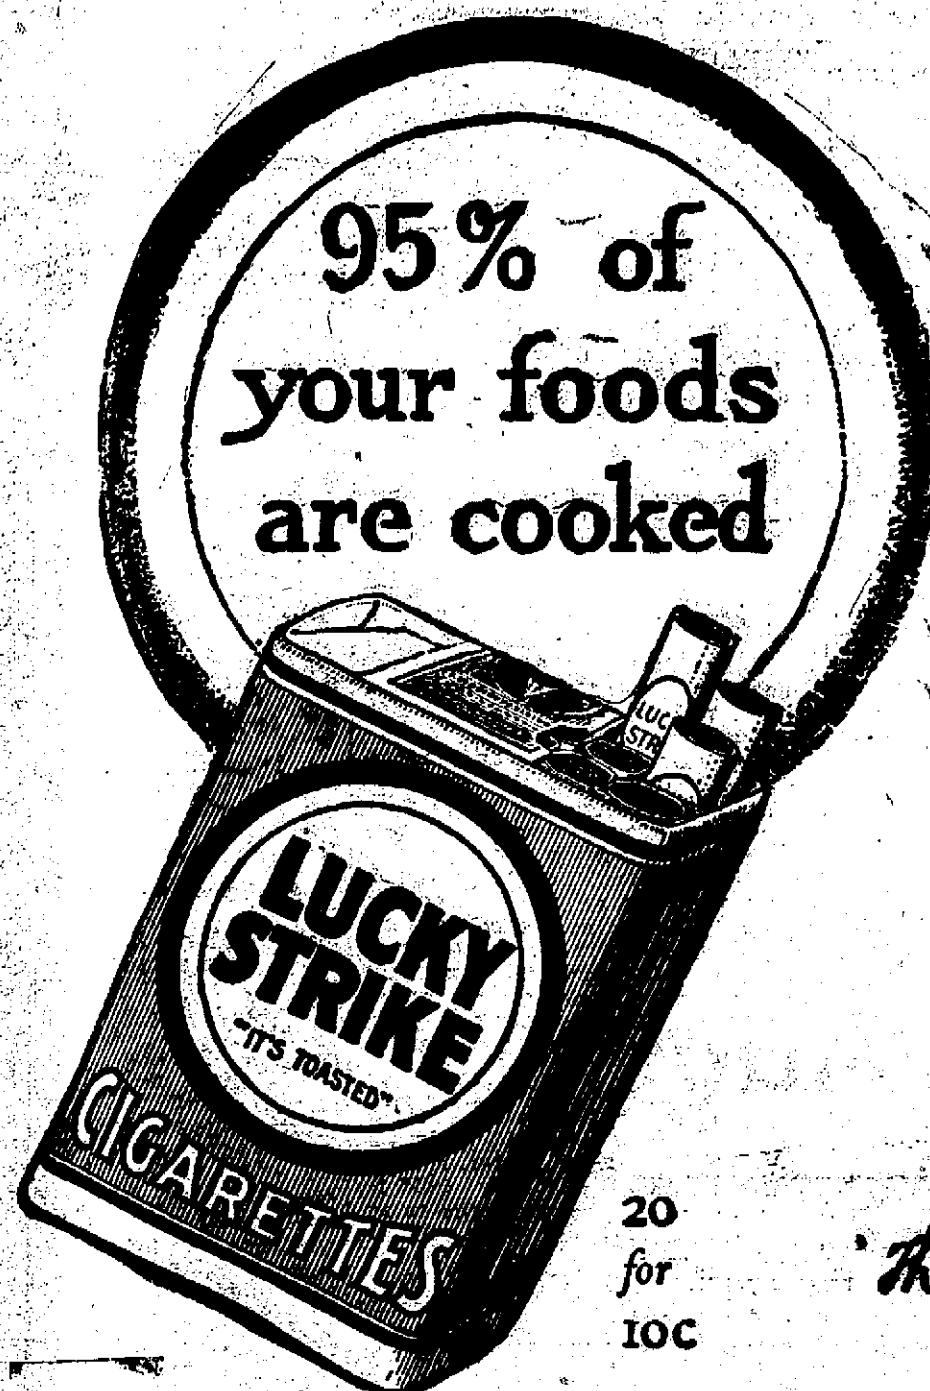

**INHALED ACID FUME.**  
Coshocton, Aug. 1.—Mrs. J. P. Webb is seriously ill from inhaling fumes from carbolic acid. Three weeks ago she used the acid for cleaning about the house and her system became poisoned from the fumes.

**BARN IS DESTROYED.**  
Coshocton, Aug. 1.—Fire of an unknown origin destroyed the barn of Isaac Bartholow Tuesday evening. A large quantity of hay, ropes, tools, and an Oakland touring car were ruined by the flames. The loss is partially covered by insurance.

### WELL INFORMED

Men are quick to appreciate that the woman who uses Crane's Linen Lawn is socially well informed. They will not overlook the fact that she uses the best writing paper, nor fail to admire her good taste. For everyday social correspondence, this exquisite paper in white or tints, in a variety of shapes and styles, is suitable for your every requirement. We take as much pleasure in showing you our wide variety of Crane's Linen Lawn and Highland Linen as you will in using it. T. M. Edmiston's Book Store. It

## A VACATION TRIP ON A FREIGHT STEAMER

Via Northwestern Steamship Company's Steel Steamers

From CLEVELAND, OHIO, to GLADSTONE, MICHIGAN and Return, with Five-Hour Stop at Historic Mackinac Island. Six-Day Cruise

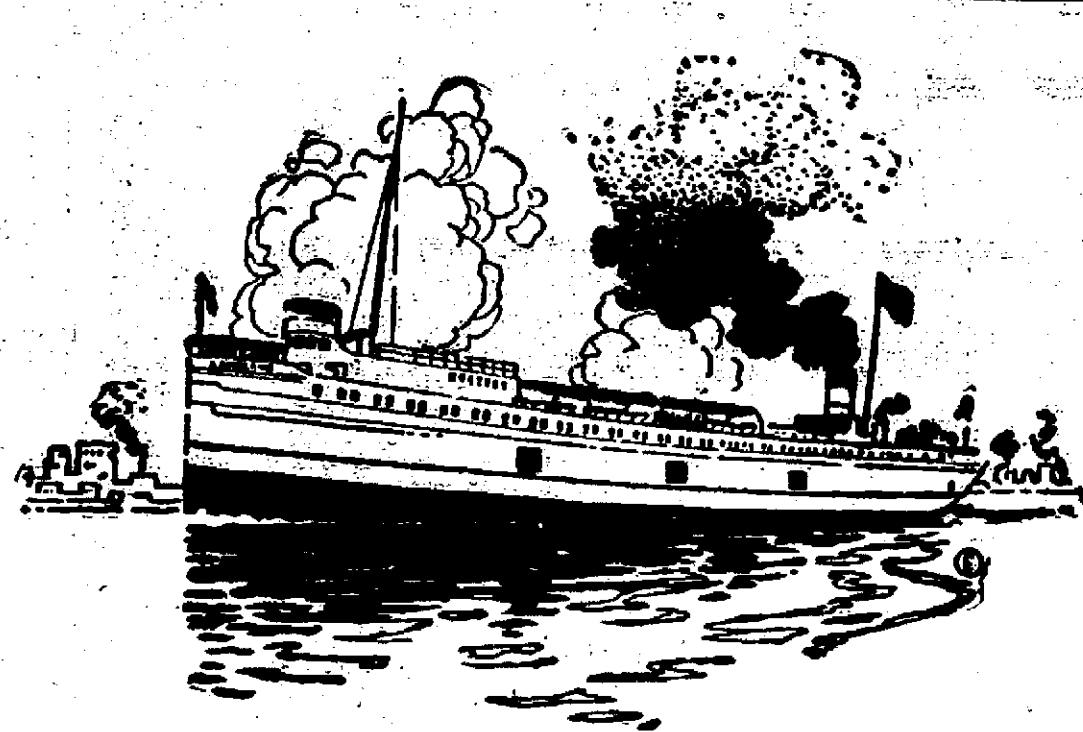

### Round Trip, \$37.75

(Children under 12, half fare)

Including meals and berth. No extras. The accommodations are fully up to the best passenger steamers. Each stateroom is an outside room, lighted by electricity, has running water and a double lower and single upper berth. The saloon is roomy and comfortable, a smoking and card room is convenient, and the large dining room extends the full width of the ship, with observation windows on each side that permit a perfect view of the passing scenery as one dines. A promenade deck extends completely around the ship—seven times around makes a mile.

#### THE TABLE

The meals are unusually good on the Lakeland. The galley is roomy and properly fitted out and is in charge of old and experienced chefs. Fresh fruits, vegetables, poultry, eggs, butter and meats are secured from our own stores in Gladstone and Cleveland. We buy only the best the market affords; but, it is of our fish that we are proudest. We have arranged with fishermen on Lake Erie and Lake Michigan, to pull their nets just before leaving time of the boats, so that our passengers may have fish just out of the water.

Steamer Lakeland, N. W. S. S. Co. Equipped with Wireless

### Round Trip, \$37.75

(Children under 12, half fare)

The Steamer Lakeland, is a staunch steel freight steamer of the most modern design. She carries general merchandise on the up-trip, and flour from the Minneapolis and St. Paul mills on the down trip.

As the passenger business of this company is a by-product of their freight traffic, the steamers of this line do not require additional crews for the handling of passengers, thereby making it unnecessary to draft men from productive industries during the war.

#### FEATURES

A piano and viols are maintained on the Lakeland for the pleasure of the passengers and dancing is indulged in every evening.

For those who desire to take trips while the boat is at Gladstone picnic lunches will be furnished.

Automobiles, motor-boats and rail boats can be obtained at Gladstone at moderate rates.

### Remember---\$37.75 Covers Everything for the Six-Day Trip. Children Half Fare

This is one of the most delightful trips in the world. The steamer leaves Cleveland on sailing dates at 11:00 P. M. The Cruise takes the passenger through Lake Erie, the Detroit River, Lake St. Clair, The Flats, justly termed, "The Venice of America," and on up the beautiful St. Clair River, past Port Huron and through the St. Clair Rapids into Lake Huron, second largest body of fresh water in the world. Early morning finds the ship passing the bluffs of Thunder Bay and entering the Straits of Mackinac. A stop of five hours is made at historic Mackinac Island. Leaving the island at 6 P. M., the site of old Fort Michilimackinac on the mainland is quickly passed. Just across the Straits is St. Ignace, the spot where Marquette established his first mission. Past the Garden Islands and Beaver Island the ship goes in the night, and morning discovers the entrance to Green Bay. This is an entrancing sheet of water. On its west shore, and guarding the entrance to Little Bay de Noqueets, is Escanaba, the great iron ore and lumber shipping port. Seven miles up the bay, and reached by a tortuous channel and protected by towering hills, is Gladstone,

the northwest terminus of the Northwestern Steamship Company. This is the summer country par excellence. Hay-fever is unknown, and the pine-laden ozone produces the most restful sleep. It is the fisherman's paradise. Trout abound in the swiftly flowing streams, while bass rise to the fly. Along the shallows of the Bay, pike and pickerel are so plentiful that large strings are caught from the docks on the Gladstone Bay front. Across the bay from Gladstone and quickly reached is Maywood, the most beautiful resort on Lake Michigan. Bathing, picnicking, sailing, motoring, and fishing keeps one busy while the ship is discharging and taking on cargo. A dance is given on shore the night the boat is at Gladstone. Just a few minutes street car ride from Gladstone is Escanaba, a city of 20,000 people.

The Lakeland leaves Gladstone at 3 P. M. the second afternoon and passes through the Straits of Mackinac, the St. Clair and Detroit Rivers by daylight, arriving in Cleveland at 3 P. M. the sixth day.

### This Will Make a Vacation Trip Long to be Remembered

Make reservations early. The boat leaves Shepherd's Dock, 1078 West 11th St., Cleveland, at 11 P. M., Monday, July 2; Wednesday, July 11; Friday, July 20; Sunday, July 29; Tuesday, Aug. 7; Thursday, Aug. 16; Saturday, Aug. 25. Passengers may come aboard at 9 P. M.

## WHAT IS AN AMERICAN?

What is an American?

That is the question which Reginald Wright Kauffman of The Vigilantes asks in a recent article concerning a contest for a Citizens' Creed, for which the city of Baltimore has offered a prize of \$1,000.

What is an American? What principles guide us who live and work and fight under the Star Spangled Banner?

It is important at this time that Americans should formulate their ideas on this matter. The Citizens' Creed Contest gives every American a chance to put in brief form a creed by which he believes the truest citizens of this Republic live. Incidentally it gives him a chance to win a prize of \$1,000. Here are the conditions of the Contest:

The Creed should be the best summary of our civic beliefs and duties, to be adapted for general circulation in convenient form and for use in public and private schools throughout the country. It should be based on the principles and the ideals of American citizenship as shown in our history, laws, and customs. The briefest possible creed that is sufficiently comprehensive is the one desired, and should not exceed 300 words.

The contest is open to all who have been born in, or who have become naturalized citizens of the United States. Any contestant may submit more than one creed. But the writer must use only private manuscripts on the manuscript, or manuscript submitted. The manuscript must be accompanied by a small envelope containing both this private mark and the full name and address of the writer. The envelope containing the private mark and the name of the successful competitor will be opened only when the judges have made their decision. Manuscripts should be typewritten, on one side of the paper only.

The contest is open to, and inclusive of, September 1, 1917, the date of the one hundred and third anniversary of the writing of the Star Spangled Banner.

To the author of the successful Creed a prize of \$1,000 will be given by the City of Baltimore, as the birthplace of the Star Spangled Banner.

All manuscripts are to be sent to the COMMITTEE ON MANUSCRIPTS, CITIZENS CREED CONTEST, CARE OF EDUCATIONAL FOUNDATIONS, 313 EAST 27TH STREET, NEW YORK CITY.

The Committee on Manuscript, headed by Henry Sterling Chapin, Hermann Hagedorn, and Porter Emerson Browne, assisted by editors representing the leading magazines of America.

The Committee of Award, consisting of seven judges are: Matthew Page Andrews, Irvin S. Cobb, Hamlin Garland, Ellen Glasgow, Julian Street, Booth Tarkington, Charles Hanson Towne.

The Advisory Committee, consisting of Governors of States, Senators and Representatives, Heads of Patriotic Organizations, and other Americans in public and private life, Dr. P. P. Claxton, United States Commissioner of Education, is the Chairman of this Committee.

and their work in increasing crop yields is highly important. One of the cheapest and most effective ways to fight insect pests that annually take crop toll estimated at \$800,000,000 is to aid in the preservation of bird life. Few people realize how many insects are destroyed by birds. A teapontful of chinch bugs has been taken from the crop of one quail, and an adult bird has been known to eat 5,000 plant lice in two hours. Such worms and bugs as infest our gardens are favorite food for bluebirds, robins and many other kinds of birds.

It is true that some insect pests may be fought with chemicals. Owing to the Great War, though, prices for many materials commonly used in sprays, washes, and poison meshes are pretty near prohibitive. But the birds work at before-the-war wages.

"Birds also eat thousands of weed seeds. A single quail, when killed, was found to contain 11,000 pigweed seeds. What laborer would not be glad to see a farmer in his crow against weeds is worth while."

The families who have boys in the training camps hear every week that they are comfortable and in the best of spirits, while parents who have nothing to worry about are losing their children through swimming accidents.

The wise and prudent persons who foresee all the difficulties incident to raising a garden are still paying high prices at the store, while those with less foresight are now getting vegetables at a very low cost.

The enormous pile of buildings you see in some big cities is not the leading factory or the seat of municipal government, but merely the grand stand and bleachers for the ball grounds.

The American people have always thoroughly understood all the rights that go with democratic government, but not until Conscription came along did many of them understand that there were duties also.

President Wilson has reached the time with the new war problems when he can't tell what to do merely by consulting his own works on government.

A country minister can earn nearly as much pay as a farm laborer, and at that he usually has to do some farming to feed his family.

The present system of baseball scoring would be much more accurate if it recorded the work players do with their mouths.

In our school days we were taught to believe that Newark is located in the temperate zone. We move to amend.

The merchant who doesn't advertise about now will save the bother of buying a lot of new stock next season.

When the boys show a dusky face the mothers call it dirt, when the girls show it, it is merely fashionable tan.

GETTING "HOT" AT HEAT. (Cleveland Leader.) Everybody knows that there is more than slang in saying that a man gets "hot" when he is angry. He does get warmer in the most literal sense. His circulation is stimulated. His blood vessels swell. His heart is worked at increased speed and pressure. He looks hot and hot he is. In some cases anger has killed men like sunstroke. It has been one source of what is called "heat apoplexy," just as accurately as the deadly effect of very hot rays of the sun is given that name. Prolonged and intense hatred has killed human beings as surely as any fever ever did. All of which is one way of saying that it is very foolish to elate and grumble too seriously about hot weather. The freaks and excesses of the climate can't be controlled or corrected. There is nothing to be gained by raging at the high temperature or continually fretting because of its discomfort. And the tosses may be important, even deadly, but a quiet and equable mind is a great help in heated terms. It cannot be altogether attained the nearest approach to such a state of philosophic calm is of much value. It means more comfort and more safety. Sometimes it wards off death.

## "PEACE BY AGREEMENT."

(Cleveland Plain Dealer.)

"Great Britain does not desire peace by agreement and understanding, but only a conclusion of the war, which means the enslavement of Germany to the arbitrary violence of our enemies."

Thus does Dr. George Michaelis, imperial German chancellor, reply to recent British statements of Britain's purpose in the war. His last clause demands no discussion. The enslavement of seventy million people is, of course, impossible, and neither Great Britain nor her allies have dreamed of it. They fight, rather, to free the world, including Germany, from the menace of Prussian militarism enough on that.

Great Britain—and her allies are in accord with her—does not desire "peace by agreement and understanding." The nations which fight the battle of democracy do desire "the conclusion of the war." They hope that it will be the last war, and in that hope they fight.

"Peace by agreement and understanding" implies peace by compromise, and there can be no compromise between democracy and autocracy. It means a peace of barterings and barter, of weighing this bit of territory against that colony, of this window on the sea against that concession in some backward continent. It means a peace made by the Prussian government rather than by the German people, a peace pregnant with the threat of wars to come.

German papers make this plain. The Berlin Lokal Anzeiger declares that "aside from a handful of dreamers," nobody thinks of the restoration of Belgium. The Cologne Volkszeitung insists upon the retention of Belgium and upon annexations in the east, and other governmental organs are in accord. Their program, like that of Chancellor Michaelis, is far more precautionary than that of "peace without annexations and without indemnities," in itself sufficiently menacing to future generations.

Robert Lausung, American secretary of state, discusses peace possibilities in a way more satisfactory to the entente allies. He regards peace as impossible "until the physical might of the united democracies of the world has destroyed forever the evil ambitions of the military rulers of Germany."

With President Wilson he would see the world "made safe for democracy." The peace which accomplishes that will not be the kind of peace Dr. Michaelis magnanimously suggests. But it will be a peace for all time.

## PUBLISH THE FACTS.

(Philadelphia Record.)

We concur with a commercial body in New York which calls upon the government to publish full statements of shipping destroyed by submarines, giving the tonnage as well as the number. The policy of the British government in this matter is short-sighted. If it gives the number it should give the tonnage. To suppress the tonnage is to invite sort of apprehension and stimulate misrepresentation.

There are other facts that ought to be collected by our government and given out, not once a year, but every month, if not every week. These are the output of the world's shipyards, together with the amount under construction and the new shipping to go into service in the next quarter, or something like that. It has been reported from Washington that our government has obtained this information from England, France and Norway and has been promised it by Japan. It should be printed and the record should be issued monthly, if not weekly.

The suppression of news is calculated to create doubt and discontent and apprehension. Even if the facts are not all that could be desired, it is better that the country should know them than that it should be left in ignorance. If the facts that carried the first division to France have been sunk we might as well know it now as later. If they have not been they can carry another division. To tell the country that we may not be able to send troops to France for lack of transports serves no good purpose, and several bad ones.

Of course, the news of military and naval movements must not be disclosed. But the government is shutting down on a lot of information which would not assist the enemy, and would probably be of a good deal of use to the nation. The government need not tell when it will send another division to France, but it would be of some use to know that all the transports got home, or whatever the facts may be. Even bad news is better than the sort of thing the pessimists will produce if anything is kept dark.

## SUBMARINE SITUATION.

(Springfield Republican.)

The submarine situation is not encouraging to either side. The Germans, who candidly face the facts, find that the rate of tonnage destruction is too low, and the British, who are equally candid, find that the rate is too high. Both sides measure the rate of destruction in relation to their own powers of endurance. Keeping the whole war in a constant pitch. If the Germans can hold out long enough at home the U-boat will in time win the war for them, provided that no new discoveries of inventions are brought to bear upon the equation.

Last week's shipping losses by the British were somewhat depressing, because they proved, apparently, the impossibility under present conditions of permanently keeping the destruction down to the low level of the weeks immediately preceding. The Germans are maintaining a monthly average that cannot be made good by new ship construction for a long time to come. The race now resembles that of two horses, which pass under the wire so exhausted that both drop dead from the strain.

Honesty is the best policy. The fellow who steals a kiss may end by having to marry the girl.

## THE ADVOCATE'S "MILKING POT"

Our minds are as different as our faces; we are all travelling to one destination—happiness; but few are going by the same road.—Colton.

Check Was Good. "This debt that France owed to the Germans," said Tom, "they paid by a check on the bank of the Somme."

Brothers. "Las' nite just as I was settin' down cum an' picquet with my Advocate the dore busted open an' in staggered Oll' Ince. He walked over an' sunk so powerful week into Zeke's cheer that Zeke's sagged down pretty ni to the floor, which he ways 200 pounds. An' then he gasps out, 'Caline I been lobbed,' he says. 'The villen helt me up with a gun an' took three dollars often me,' he says. Well, he was that scart an' week that he couldn't go till I had braced him up with a cuppa coffee an' a pumpkin pie an' some doonuts an' cookies. So this afternoon I run across him a-rippin' down the street, a-smilin' rite afore. 'Feel pretty chipper fer after bein' robbed, don't you?' says I. 'Oh, that's fixed, you see,' he says. 'That feller give me back my money an' apologized considerable. Why,' he says, 'we air members o' the same lodge,' he says, 'an' the feller said they wasn't no money would hire him to hold up a member o' the Nights o' Pelican,' he says."

"The Man That Wants Intendment." Mr. Bob Ryder, who between the times of discharging his duties to Atlantic City and Cleveland Heights, writes paragraphs for the Ohio State Journal, is going through a course of diseases, but we notice

the Titanic's passengers took refuge in the ship's water-tight compartments.—Springfield Republican.

## Spirit of the Press

The Menace of the U-Boat. America is fondly called invincible. It should be invincible. It has the advantage of geography, wealth, natural resources, and inventive genius. Possibly it would be invincible against any foe that would bring the gage of battle to its shores. It happens now that it must cross the seas to get at the enemy. That is a difficult story. Either the submarine must be engaged direct in deadly combat or enough ships must be built—and built quickly—to neutralize the ravages of the undersea fighting craft by carrying food, munitions and soldiers to Europe.—Minneapolis Tribune.

Must Allies' Plan Be Changed? For nearly three years' foe has been hammering at foe along the Western line in Europe. The Allies have accomplished much, but not enough. Must the Allies adopt a new plan of offensive? Is there some better method, now practicable, to force the Prussian off the soil of Belgium and France? The French and British nibble and gnaw and tear in France and Poland, and every foot of soil they win is a foot of territory redeemed from oppression medieval in its ruthlessness. But they nibbling in the war? Direct frontal attacks upon lines as strongly fortified as those the Germans hold may result in local successes; may in time bring the recovery of mill towns and coal fields and railroad centers. It is beginning to be doubted whether they can bring victory.—Cleveland Plain Dealer.

What Are the Facts? The London Times is right when it urges Premier Lloyd George to tell the exact truth about the submarine warfare and the actual conditions in world shipping. If there is any "worst" not yet made public the people of the allied countries ought to know it and prepare with open eyes to meet it. Secrecy is worse than the worst information, because it defeats the very ends the leaders of the Allied nations seek. It paralyzes their energies. When disaster comes it is too late to avoid it. Knowledge of the full extent of the menace confronting the people is necessary to the effort required to overcome it.—St. Louis Post-Dispatch.

## Pointed Paragraphs

Congressional slowness is making the country see red, but Congress goes along and only sees red tape.—Chicago Herald.

The cost of the war continues to stagger humanity, and the Kaiser is losing his full share of the staggering.—Washington Star.

The report that those regiments in Galicia behaved worst which had received the most reinforcements from Petrograd needs no further interpretation.—Springfield Republican.

One of the best things about Siam's entry into the war is that the country is reported to have a well-equipped aviation corps. Aviators can find employment on every front, and it will be hard to find too many of them.—Portland Oregonian.

Emperor William says, "We shall not let loose our hold." And that's what's strangling Germany.—Milwaukee Journal.

When some of those Northern Senators can't find fault with the United States as a whole while always ease their pain by taking a poke at the South.—Macon Telegraph.

As an authority on naval matters, Senator Penrose in his remarks on cypher dispatches puts himself in the class with the senator who asked if

that he always picks out those that are treated by beautiful young ladies of Columbus, like porrhoea for instance.

For force of intellect, I am, too. Our neighbor, Mrs. Fish, for every time she whips the cream Her Johnny licks the dish.—Boston Transcript.

One really would think they were a family of thugs. Dad strikes a match and my dear sit. Lets brother beat the rugs.

Nobody Loves 'Em. "The average fat man," says Bernard McFadden, "will gain in strength and endurance day by day while abstaining entirely from food." We just wish the readers of The Record could get a glimpse of the Orangeburg editor, who thus dares the fat man in the back.—Columbia Record.

They seem to grow even more "tetchy" when the open season comes for taking off one's flesh and sitting in one's bones.

Ouch! A fearsome pun will spring on you. It should not need explaining. Why life should be all sunshine to A beauty, who is reigning.—Luke McLaure.

The beauties may find life all shine, But say not just between us. There's reigning Bill, do you incline To think that he's a Venus?

Did You Know That the Supreme court is the highest judicial authority in the national government? The United States Supreme Court consists of a Chief Justice and eight Associate Justices, each appointed for life or during good behavior. Its sessions are held in Washington, D. C., any six of the justices making a quorum. Besides its original jurisdiction, it also has appellate jurisdiction over the United States Circuit Courts, and also over the highest appellate courts of the states, in cases arising under the Constitution, laws, or treaties of the United States, or in cases where the state is a party.

More important than the passage of a food control bill or any other sort of control measure by Congress seems the necessity for many congressmen to learn self-control.—Chicago Herald.

Just as soon as the Rivers and Harbors bill is out of the way Congress can turn its attention to making the Atlantic safe for democracy.—Washington Post.

Russians should know that Germany can lick any army that stops to talk Socialism.—Toledo Blade.

The new shipping board doubtless will take the hint that its business is to build ships and not choose up sides and hold a debate.—Kansas City Star.

What's Ireland coming to when an Edward de Valera can beat a Patrick Lynch at a Clare election?—New York Sun.

The Frankfurter Zeitung calls Dr. Michaelis "a Prussian in the best sense of the word." But just what is the best sense of the word?—New York World.

H. G. Wells' criticisms of Great Britain in his "Mr. Britling Sees It Through," which were read and enjoyed by Englishmen, were cut out of the Russian translation by the Russian censor because "they were criticisms of a powerful ally."—St. Louis Globe Democrat.

The funniest thing of all are the speeches the senators make against making speeches in the senate.—Florida Times-Union.

Notwithstanding the dollar's alleged low rating abroad, it still enjoys a fair measure of popularity at home.—Boston Advertiser.

Those who are inclined to fret at the tardiness of the allied troops in the Near East are reminded that it took Moses 40 years to bring his band through this same strip of territory.—Council Bluffs Nonpareil.

## A Little Fun

Joy in Prospect. "I've volunteered to censor the letters for this neighborhood. Won't that be fun?"—Philadelphia Bulletin.

Aggravated Case. Brown suffers from hay fever, doesn't he? I should say he does. He can't even pass a grass widow without sneezing.—Boston Transcript.

The Real Thing. Our boys in the army are chivalrous, aren't they? Chivalrous? Who can doubt it? Aren't they going to wear all the excusers and socks our girls are knitting for 'em this winter?—Baltimore American.

Would Want Other Qualifications. If I had it to do over again, she sighed sorrowfully, I know one mistake I should never make. And what is that? They inquired. I should never marry a man solely because he was a graceful dancer.—Detroit Free Press.

Always Busy. "I never get a chance to stand when the national anthem is being played." "Why not?" "Too busy picking up things. My wife drops a glove or a handkerchief every time she rises."—Kansas City Journal.

Have to Be. "I have been visiting one place, at least, where men are always guarded in their conduct." "And what might that remarkable place be?" "The penitentiary."—Baltimore American.

## "SAY DOCTOR, THIS PRESCRIPTION WORKS LIKE MAGIC"—PHYSICIAN EXPLAINS WHY NUXATED IRON

Quickly Puts Astonishing Youthful Power Into the Veins of Men and Brings Roses to the Cheeks of Nervous, Run-down Women

Ask the first hundred strong, healthy looking people you meet to what they owe their strength and energy and see how many reply "Nuxated Iron."

Dr. Howard James, late of the Manhattan State Hospital of New York, and formerly Assistant Physician Brooklyn State Hospital says: "Thousands of anemic, nervous, run-down people suffer from iron deficiency, but do not know what to take. To quickly enrich the blood, put roses to the cheeks of women and give men that youthful vigor, vitality, and 'stay-there' power, there is nothing like organic iron—Nuxated Iron. A patient of mine remarked after a six weeks' course of Nuxated Iron, 'Say doctor, this prescription works like magic!'

Unlike the older forms of iron, Nuxated Iron does not injure the teeth nor upset the stomach, but is readily assimilated, and you can quickly recognize its action by a renewed feeling of snap, vigor and increased staying power.

No matter what 'other' iron remedies you have used without success, if you are not strong or well you owe it to yourself to make the following test:

See how long you can walk or how far you can walk without being coming tired; next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. I have seen Nuxated Iron increase the strength, power and endurance of delicate, nervous, run-down people 100 per cent, in ten days' time in many instances.

NOTE: NUXATED IRON recommended above by Dr. James can be obtained from any good druggist, with or without a physician's prescription, on an absolute guarantee of success or money refunded. It is dispensed in this city by Wm. A. Erman, Evans' Cut Rate Drug Store and all good druggists.

# SHINOLA

Beautiful Bust and Shoulders are possible if you will wear a scientifically constructed Ben-Jolie Brasieres.

The Ben-Jolie Brasieres of an unconfined bust stretches the supporting muscles that the center of the bust is shifted, and the bust is held in its proper position. It is the only brasieres that prevent the full bust from having the appearance of sagging, eliminate the danger of a sagging bust, and confine the flesh of the shoulder giving a graceful line to the entire upper body.

There are the finished and in-serviceable garments imaginable—come to Ben-Jolie Brasieres, and they will show you. Front, Surplice, Bandeau, etc. Bonded with "Walton," the finest boning—permanently washing without removal.

Have your dealer show you Ben-Jolie Brasieres, if not stock, we will gladly send them from New York. Samples to show you. BENJAMIN & JOHNSON, 77 Warren Street, Newark, N. J.

LET AN ADVOCATE CLASSIFIED AD DEMONSTRATE ITS WORTH

## MAKE YOURSELF STRONGER

People with strong constitutions escape many minor ills that make life miserable for others. Don't you envy the friend who does not know what a headache is, whose digestion is perfect and sleep undisturbed?

How far do you come from this description and have you ever made an earnest effort to strengthen your constitution, to build up your system to ward off disease and discomfort?

Everyone cannot have perfect health but unless you have an organic disease it is generally possible to improve your physical condition by attention to the rules of health, the first of which is to keep the blood built up.

Dr. Williams' Pink Pills for Pale People contain just the elements needed to build up the blood and restore the lost color and vitality. New energy circulates through the system with the enriched blood, the heart stops its alarming palpitations, color returns to cheeks and lips.

Nothing more is needed except sunlight, good air, proper food and rest. If you do not know exactly what rules to follow in these matters write today to the Dr. Williams' Medicine Co., Schenectady, N. Y., for booklets on the blood and diet. Your own druggist sells Dr. Williams' Pink Pills.

## THIRTY minutes every day

## NOTHING LIKE NERV-WORTH IN HOT WEATHER

It Gives Restful Sleep, Aids Digestion, Tones Up the Vital Organs, Calms the Nerves, Builds Up the Strength.

A tonic that does this when mid-summer heat lays its heavy burdens upon humanity is worth ten times its cost. That Nerv-Worth lifts these burdens is proven by a mass of signed statements printed in these columns and still on file.

If the reader is skeptical he can verify Nerv-Worth claims without running a cent of risk. The Nerv-Worth dealer will refund his dollar if the benefits promises do not follow a trial according to directions.

This offer goes in every single Nerv-Worth advertisement. Could anything be said better calculated to prove the faith in Nerv-Worth which its makers possess?

Nerv-Worth is a family tonic which does good and good only. Composed of vegetable ingredients it confers rich benefits upon the system and leaves not a trace of harm behind. It is truly a family tonic, blessing alike the nervous child, the worn-out veteran and the men and women of all ages. Thousands have been made over by Nerv-Worth, which goes straight to the seat of nervous ills and overcomes them at their source.

T. J. Evans sells Nerv-Worth in Newark. Your dollar back if this famous family tonic does not benefit you.

W. P. Ullman sells Nerv-Worth in Graniteville, the Utica Drug Co., Utica; Hebron Drug Co., Hebron; C. S. Howard, Johnstown. 7-30-17

## Society

(Society Editor, Auto Phone 23123.)

Mrs. D. V. Bay entertained a few friends at her home, Bay Cove, in Twenty-first street, Tuesday afternoon, with a serial party for the benefit of the A. F. F. W. The guests were devoted to knitting. The guests were Mrs. Fred Sites, Mrs. Frank Merion and Miss Irene Jones.

Mrs. Daniel Altshool was hostess to twelve guests at an auction bridge party at Moundbuilders' Country Club, Tuesday afternoon, when she entertained for the benefit of the war relief fund of the A. F. F. W. Mrs. Altshool's guests were Mrs. Charles Hollander, Mrs. J. Howland Jones, Mrs. Robbins Hunter, Mrs. C. H. Stinson, Mrs. Edwin Besuden, Mrs. W. C. Miller, Mrs. C. W. Miller, Mrs. E. C. Wright, Mrs. Fred Mosteller, Mrs. Frank Webb and Miss Louise Hunter.

Miller-Devore.  
George E. Miller of Newark and Miss Mary Ethel Devore of Toboso were united in marriage by J. A. Lytle at his residence, 185 West Main street, today.

## Our Boys and Girls

Baby is a very important person and the young mother knows these few rules. Babies often contract bronchitis from being kept out when the chill mists are falling after sunset in autumn and winter.

The flannel abdominal bandage should not be discontinued till all the first set of teeth are cut, and not then if the child suffers frequently from stomach trouble, in which case its use should not be discontinued at all. It should never be left off in cold weather, nor suddenly, but when giving it up should be torn away gradually bit by bit.

When a child loses weight either baby or older child, it is a sign that something is wrong. The safest thing under such circumstances is to consult a doctor.

There are a few things that every mother should know. Babies should never be held sitting up straight until they sit up of their own accord and can hold their heads erect. Children should never be "taught" to walk. They will walk quickly enough of their own accord without teaching when their leg bones are strong enough. To try to make them walk before they are almost certain to cause them to become bowlegged. Noise and excitement are very bad for babies.

Babies cannot be out of doors too much during the fine weather. They may safely sleep out of doors in the daytime if warmly wrapped up and sheltered from sun and wind. Fresh air tranquilizes a baby's nerves better than anything else. The weaning from the breast should be done very gradually. To change suddenly from breast milk to much mischief. Healthy babies begin to cut their first teeth between the sixth and seventh month. Than occasionally they cut them earlier than this. That very late teething is usually an evidence of "rickets." That a doctor should be consulted when a baby has no sign of teeth at 10 months old.

Talking very much to infants, and inducing them to "take notice" continually is very bad for the proper development of their brains.

## Every Day Etiquette

"I have been chosen on many occasions as a chaperone for my daughter and her young friends, and I have often wondered if I did the part correctly. What would you say were the duties of a chaperone?" asked Mrs. Brown of a lady noted for her ease and grace in social ways.

"Well, it is her duty to arrive promptly at the appointed meeting place, to be cheerful, amiable and to maintain proper dignity. She will be introduced to all members of the party with whom she is not already acquainted. She must not leave the young girls under her care, until she has seen them all safely to their doors, or knows that they will be returned under reliable escort," replied her friend.

## Milady's Boudoir

Yawning.  
According to the rules of modern etiquette, it is very improper to yawn, but from a standpoint of health it is one of the best things Milady can do for her beauty.

For one thing, a yawn ventilates the lungs, when you take an ordinary breath the lungs are not completely filled, nor are they thoroughly emptied by an ordinary respiration. There is a certain quantity of air left in the lungs always, what physicians call "residual air."

This air in time becomes foul and affects the blood, and through the blood the nerves center. Then at certain times certain nerves get tickled as it were, and the result is a long-drawn out yawn, which has the power of stretching the lungs to their fullest extent, driving out all the foul air and drawing in a supply of fresh pure air.

Yawning too, is beneficial to

## Corns Disappear Quick! • Roots Painlessly Extracted

No substitute has ever been devised that gives the quick, painless results you get from Putnam's Painless Corn and Wart Extractor. Its success is unequalled. It soothes, heals and painlessly removes callouses, bunions, warts and corns in twenty-four hours. Perfect satisfaction guaranteed with 25c bottle of Putnam's Painless Corn and Wart Extractor. Sold by druggists everywhere.

your hearing. When you give an extra big yawn you hear a cracking sound inside your head. That is due to the stretching and opening of certain tubes which connect the eardrums with the throat. If they are congested, as happens when you have a bad cold in the head, you complain of deafness.

## GOLDEN WEDDING OF MR. AND MRS. GEO. McPECK

Last Saturday, the golden wedding of Mr. and Mrs. George McPeck, of Washington township, was celebrated at their old home, three miles east of Utica. Relatives and friends from miles around assembled at an early hour to remind the couple that they had reached the 50th milestone of their wedded bliss and that it was to be celebrated in a fitting manner. The day was very pleasantly spent.

An important feature of the occasion was the big dinner, for all came with baskets well filled with chicken, pies, cakes, etc.

Mr. and Mrs. McPeck received a number of useful and beautiful presents, and a purse of money from their many warm friends. It is the wish of their friends that the highly respected people may live to enjoy the celebration of their diamond wedding.

At the close of the day's festivities appropriate speeches were made by S. L. Beene, of Newark, C. C. Hughes, of Utica and others.

The following were present: From Newark, S. L. Beene, Mr. and Mrs. Henry W. Hansberger, Mrs. Marie B. Gooley, Mr. and Mrs. A. G. Walters.

From Utica, Mr. and Mrs. C. C. Hughes, James M. Harris, Mr. and Mrs. Edward McPeck, Everett Meek, Mr. and Mrs. Arthur Bell, Fred Abbott, Mr. and Mrs. Edward Crawford, Mrs. Robert Moreland, Mrs. John Chopson, Mrs. John Farley, Mrs. Belle Clutter, Mrs. John Meek, Mrs. C. D. Abbott, Mrs. J. E. Bevard, Mrs. Clyde Riley, Mrs. Belle Bell, Mrs. Irene McFadden, Mrs. Mary E. Miles, Miss Emma Crawford, Mrs. Celia Hooper, Mrs. Jennie Hawkins, Miss Monna Donahy, Mrs. John Hull, Mr. and Mrs. John Neighbour, Mrs. Lydia Hill, Mrs. Orrin Hill, Miss Laura McPeck, Mr. and Mrs. Clark McPeck, Mrs. Emma Jones, Joe McPeck, Mr. and Mrs. Serie McPeck, Mrs. Mary Donahy, Mrs. Homer Cooksey, Mrs. Emma Bell, Miss Edna McPeck, Ray Harris, Miss Kaniella Abbott, Miss Dorothy Abbott, Miss Beatrice Clutter, Miss Louise Meek, Miss Louise Farley, Miss Mable Moreland, Miss Opal Clutter, Harold Moreland, Paul Crawford, Harold Riley.

Fin. Lafayette, Fairbury, Neb.; J. H. Edwards, Granville, O.; Mr. and Mrs. B. F. Harris, and Miss Pearl Harris, St. Louisville, O.; Miss Edith Harris, Purly, O.; Mr. and Mrs. T. N. Rowley, Fredericktown, O.; James Cooksey, Columbus, O.

## OATMEAL CAKES HAVE NO EGGS. A WARMED Recipe.

To one and one-half cups of oatmeal add one and one-half cups of boiling water and two teaspoons salt. Let stand five minutes then add three cups of milk, two and one-half cups of flour sifted with three teaspoons baking powder and three tablespoons of sugar. Mix well and bake on a hot griddle. Serve with sugar or maple syrup. Many a time this serves as a noon-day meal for my five children and myself.

## THE TEN VIRGINS

"And five of them were wise, and five were foolish."

(By Elizabeth Dejeans.)

(Mrs. Dejeans spent most of her early life in the Orient, has lived several years in Europe, and is the author of a number of novels, including "The House of Thane," "The Life-Builders," "The Tiger's Coat," She has also contributed to various magazines.)

It is no exaggeration to say that we women of America are "going forth" to meet a grisly bridegroom, a possible world famine, a quite possible food shortage. Our president has declared the immediate need of food control. Mr. Hoover is grappling with the problems of Food Conservation and Food Efficiency. It is evident that food regulation we must have. The market manipulator, the gambler, and the wastrel must be suppressed.

Each to his own field of operations, the law-makers to theirs, "the ten virgins" to theirs. It should be our work, we women, to suppress the wastrel. In the large sense, we housewives—and non-housewives—nearly all of us have been profligate in the matter of food; without intention, because of ignorance, or of carelessness, or because it seemed pleasant or fashionable, we have been wastrels. How many of us now any real need of the two, extra courses we added to a dinner? Or really enjoyed the superfluous superabundance of the hotel or restaurant menu? And how many of us have really watched over the garbage pail, or have enforced a sensible economy in our kitchens? And how many of us when suddenly confronted by inflated prices became panicky and hoarded supplies—the most senseless and selfish of proceedings! Even now, when every paper is headlined with "Conservation of the Wheat Supply," "Waste in Wheat Products," etc., how many of us are considering thoughtful, nourishing substitutes for the wheat-loaf?

The all-important wheat-loaf which has risen so greatly in price, but not in bulk! Which must be guarded by law and by individual effort. It behooves us to think seriously of substitutes for wheat bread, and the most reasonable and easily obtainable are rice and cornmeal.

"I don't know that rice and cornmeal are good for my children," a woman said to me.

She was surprised when I told her that the grain of the rice plant forms the larger part of human food than the

## Personal

Miss Joan Weeks of Chicago, who has been visiting Miss Mary Carl of West Church street, returned home Sunday night.

Edwin Stedem, who was operated on yesterday by Dr. C. B. Hatch at the City Hospital, is resting easily and a speedy recovery is expected.

The following from out of the city attended the funeral of Mrs. Isabella McCahon yesterday: Mrs. Jane Wallace, Chicago, Ill.; James Knapp, Marion, O.; Dr. Stanley L. Allen and Mrs. George Marshall, Zanesville, O.; Rev. Edward Thompson, Garrettsville, O.; Mr. and Mrs. E. Corbin Worthington, O.; Mrs. John Leikha, Mrs. R. O. Austin and Mrs. C. H. Fullerton, Columbus, O.

Mrs. S. D. Richardson, who was called from Hebron, S. D., on account of the illness and death of her mother, Mrs. Isabella McCahon, left today for South Dakota.

Mrs. F. D. Orme, of Bedford, Ia., is visiting her sister, Mrs. W. C. Wintermute. The sisters have not seen each other for thirty-two years.

Mrs. Lou E. Smith of Zanesville is visiting at the home of Mrs. P. S. Smith in this city.

William Sherrard, B. and O. engineer, and Captain John Doyle left today for Atlantic City for a few days' outing.

Wilbur Brill of Bylesville spent Sunday here.

Rev. Robert G. Bowden of Jacksonville is spending a few days with his parents, Mr. and Mrs. R. D. Bowden of Thirteenth street.

Mrs. H. W. Amos of Cambridge accompanied Dr. and Mrs. H. A. Green and family to this city Tuesday, and she will remain a few days with her father, Attorney Jacob R. Davies of Hudson Avenue, and her sister, Miss Clara Davies, who recently underwent an operation from which she has practically recovered.

Miss Hazel Huffman of Sonoma, has returned to her home after a short visit with friends and relatives in Newark.

Mr. and Mrs. O. E. Seward of Cleveland are in town for a short visit with relatives.

Smith Roubush of Cincinnati, motored to Newark Sunday and returned home today accompanied by his wife and niece, who have been visiting Mrs. Elliott Perry and W. S. Thacker.

Mr. Pearl Pierson and daughter, Maria, of Granville, were in Newark Wednesday, and will remain a few days with relatives.

Dr. and Mrs. U. K. Essington were in Columbus Tuesday.

Miss Stella Ream of Somerset, was the guest of her parents, Mr. and Mrs. Jesse Walters of the Arcade Hotel, Wednesday.

Mrs. A. T. Speer and Mrs. George Groeser and sons have gone to the lakes for a few days.

Manley Webster, Samuel Holman, Harry Anderson, returned home yesterday evening from a week's vacation in Columbus, Steubenville, Cleveland and Rochester.

Clarence C. Crane, formerly of this city has returned from Tarentum, Pa., where he was employed by the Allegheny Milling company. He will remain in Newark a few weeks.

Mrs. Hannah Sullivan was in Columbus yesterday.

Marjorie and Katherine Foran of East Main street left yesterday for a visit with relatives in Chicago.

John Bergamo, who enlisted as a musician with the Seventh Regiment Band at Zanesville, was in Newark today.

Miss Lillian Gorday of New York City, cousin of George Fenbers of the Auditorium theater, is his guest for a few days.

Edward Early of Columbus, spent

## GRAND DUKE MICHAEL'S DAUGHTER IS SOON TO WED ENGLISH ARMY OFFICER

Grand Duke Michael and Countess Zia Torby.

London, Aug. 1.—(Special)—Countess Zia Torby, elder daughter of Grand Duke Michael Michaelovich of Russia, who married morganatically the Countess Torby, will not after all marry into a royal family, as was reported in 1914 when she was supposed to be engaged to Prince Alexander of Mount Batten.

London social circles are keenly interested by the announcement of the engagement of the countess to Major H. A. Werneher of the Lancashire Fusiliers, who is the son of the late Sir Julius Werneher, Bart, South African millionaire, and of Lady Werneher of Luton Hoo. He is the only brother of the present baronet.

The Countess Zia and her sister, now Princess George of Battenberg, have been very popular in English society and are described as "open air girls, fond of outdoor sports and adepts at golf, tennis and other al fresco accomplishments, beloved of English girls."

It is the Countess Zia who is the wife of Prince George of Battenberg. The Grand Duke Michael's morganatic marriage, which was responsible for the rise of the Battenbergs. For the last twenty years the accounts of the fashionable folk at the various winter and summer resorts on the continent, in London during the season and in the shires at hunting time, have included the names of the Grand Duke Michael and the Countess Torby. No function was complete without the presence of the tall, slender, silent, black-bearded man and the radiant, beautiful, blond woman, for love of whom he became an expatriate. The pair never went to Russia, as the grand duke's penalty for defying the Romanoffs and marrying the woman he loved was exile.

Tuesday in Newark the guest of friends, Mrs. Alex Triakoff, was taken from her home at 430 Serpico avenue to the City Hospital in the Baxler ambulance.

## WAR ECONOMY IN KITCHEN.

Do not serve butter at the same meal with meat, says Jeanne Judson in The Mother's Magazine for September.

Learn to know the value of fat meat and suet and how to combine these meat products with other things to make palatable dishes. Do use fresh butter or cream for coffee or in cooking, when tinned milk is quite as palatable and nutritious besides being free from disease germs.

Learn to gauge the family appetite so that there is sufficient for each meal without waste.

Never cook or serve a desert which is for taste or show alone. The desert should be nutritious and wholesome as well as palatable and good to look at—a real addition to the meal, not a fill.

## BERRY CUSTARD.

Half pint custard cups with bits of sponge cake; make a rich custard with a pint of milk, the yolks of two eggs, a heaping tablespoonful of sugar. Flavor it very slightly with almond and vanilla and add one-half cupful of finely chopped almonds; put a few berries on the cake, pour over the warm custard and let all grow cold; then add a large spoonful of whipped cream to each and a few berries. Stand the cups on a platter and surround with berry leaves and some berries.

## FOR THROAT AND LUNGS.

STUBBORN COUGES AND COLDS.

**Eckman's Alternative**

## Obituary

William Smucker.

William Smucker, son of Mr. and Mrs. Charles Smucker, died at home, 126 Hudson avenue, Wednesday night.

The funeral arrangements have not been completed.

Mrs. W. G. Larimore.

After a confined illness, Mrs. Wm. G. Larimore of Union Station, O., died at the City Hospital, July 31, at 10:15 p. m., aged 41 years, 6 months and 4 days. She was the youngest daughter of Mr. and Mrs. Clark Dix of Marion, O.

She was married to Wm. G. Larimore, and they were the parents of six children, Clark, Bryan, Marshall, Florence, Edward and Martha, who with the father are left to mourn her death.

The body will be shipped to Marion for burial.

## ORANGE JELLY.

One ounce of gelatin dissolved in one pint of boiling water, then add three-fourths of a pound of sugar and six or eight lumps which have been rubbed on the rind of the washed orange. The juice of eight oranges and one lemon to be added. Pour orange jelly into a mold which has been filled with cold water until required.

## OLIVE SALAD.

Chop an equal quantity of stuffed and plain olives. Add a teaspoonful of chopped parsley and serve on lettuce with a French dressing.

Why take the trouble to make brassieres when you can get beautiful lace ones at McEwen's Corset Shop for 50 cents. 8-1-17

## FOUR WEEKS. IN HOSPITAL

No Relief—Mrs. Brown Finally Cured by Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio.—"For years I suffered so sometimes it seemed as though I could not stand it any longer. It was all in my lower organs. At times I could hardly walk, for if I stepped on a little stone I would almost faint. One day I did faint and my husband, who was with me at the doctor's, took me to the hospital and stayed four weeks but when I came home I would faint just the same and had the same pains."

A friend who is a nurse asked me to try Lydia E. Pinkham's Vegetable Compound. I began taking it that very day for I was suffering a great deal. It has already done me more good than the hospital. To anyone who is suffering as I was my advice is to stop in the first drug-store and get a bottle of Lydia E. Pinkham's Vegetable Compound before you go home."—Mrs. W. C. Brown, 2844 W. 12th St., Cleveland, Ohio.

## A LIBERAL OFFER BY LICKING CREAMERY COMPANY

To the Users of Milk and Cream From Its Retail Wagon.

The Licking Creamery Company begs to announce that, until further notice, it will make a regular monthly award of two (2) \$1.00 sheets of milk tickets upon each of its retail milk wagon routes to private consumers of milk and cream throughout the city.

The awards will be made on the 15th day of each month.

A duplicate receipt stub from every sheet of tickets sold during the preceding month will be placed in a box from which the stubs to receive awards will be drawn by a disinterested party. Each route will be handled separately.

## THERE IS BUT ONE CONDITION QUALIFYING FOR AWARD.

All competitors must have their accounts with the Licking Creamery Company paid in full for the month preceding the one in which any given drawing occurs.

In other words, should a duplicate of one of your ticket receipt stubs be drawn on the 15th of one month it would not receive an award unless your account was paid in full for the month preceding.

This is absolutely the only requirement made, thereby characterizing this proposition as being extremely clean cut and liberal.

We hope it will please the public. Watch for the next drawing. Your name may be among the fortunate ones to be announced in the papers following the next drawing.

THE LICKING CREAMERY CO., Elmhurst Court.

## HEALING RELIEF FOR TORTURING ECZEMA

Evans Cut Rate Drug Store has sold hundreds of jars of Hokara, and although they offered to refund the purchase price to any dissatisfied purchaser, not one jar has been returned.

While this is surprising in itself, yet the most marvelous thing is the reports of chronic cases of eczema that have been cured by this simple skin food. People who have suffered with scales, scabs and even bleeding itching have found relief in Hokara.

No matter where the eczema, pimples or other breaking out occurs, whether on the face, hands, legs or body, the application of Hokara should give quick relief, and even the worst or most chronic cases should be cured in a short time.

You can buy a liberal-sized jar today at the very low price of 25c, and with every package good Evans Cut Rate Drug Store guarantees to refund the money if it is not satisfactory.—Advertisement.

## AMBITION SALTS

Gives You a Clear Head and a Good Appetite in the Morning

You need these to start with. You can't do business right if you start the day wrong. AMBITION SALTS is the greatest rectifier of mistakes of eating or drinking the night before. If you dine "not wisely but too well" take AMBITION SALTS before going to bed. You will wake up in the morning with your head clear, your stomach feeling fine, your eyes bright with the sparkle of health and energy. You will enjoy your work and do it well.

AMBITION SALTS is pleasant to take, acts quickly, no pain or discomfort.

A large bottle at T. J. Evans for only fifty cents, and it is guaranteed to be the finest sort of remedy at all times for indigestion, headache, biliousness, constipation, acid stomach, sluggish liver, kidney troubles and malaria. It drives uric acid from the system, makes the blood pure and pure blood means health.

Your money back on the first bottle purchased from T. J. Evans if you are not satisfied. (Adv.)

**Bible Class Meeting.**  
The Good Samaritan Bible class  
of the West Side church of Christ,  
will meet Thursday at 2 o'clock at  
the home of Mrs. Walters, 24 Han-  
cock street.

**Mr. Dietrich Improves.**  
Daniel Dietrich, who was operated  
upon at the City Hospital a few  
days ago, is improving, according to  
a statement at the hospital today.

**Hattiesville Killed on Farm.**  
Carlisle Conrad of Buena Vista  
street, who is working on the E.  
M. Shaver farm near Luray, while  
cutting hay last week killed a large  
rattlesnake. Another ran from the  
hay and could not be found. The  
one which was killed had five  
rattles.

**Prayer Meeting.**  
Woodside prayer meeting will be  
held Thursday morning at 9 o'clock  
at the home of Mrs. Fields, Mount  
street.

**Ex-Mayor Ferry in Town.**  
Mr. Charles C. Ferry who was  
mayor of Newark about fifteen years  
ago, now practicing law at Alice  
Texas, about 100 miles from the  
Mexican border, is in town for a  
few days calling upon old time friends.  
Mr. Ferry went south four years ago.  
He was a guest of the Rotary Club  
last night and told the Rotarians

much of interest regarding the state  
of Texas.  
**Newark Man at Ft. Sheridan.**  
Arthur C. MacNeely, company B.  
Ohio Engineers, at Fort Sheridan,  
Ill., is the only Licking county man  
at Fort Sheridan though Friend V.  
Kneisel of Akron, who is there, was  
formerly a member of Company G,  
Fourth Ohio National Guard and a  
resident of Newark. Mr. MacNeely's  
enlistment papers give Newark as his  
home and Columbus as his enlist-  
ment station with a Cleveland regi-  
ment. He has seen service at Camp  
Willis, Ohio; Fort Bliss, Texas;  
Fabens, Texas, and Los Cruces, New  
Mexico.

**Shoulder Is Broken.**  
While painting a house in Vine  
street yesterday afternoon, Louis  
Mossman, 328 Eastern avenue, fell  
from the roof to the ground, light-  
ing on his head. His left shoulder  
was broken. The accident happened  
about 4 o'clock. The Bradley am-  
bulance took him to the hospital.

**Discusses Y. M. C. A. Work.**  
Frank L. Johnson, Y. M. C. A.  
secretary, was called to Columbus  
today for a meeting of the State  
War Work Secretaries at the Colum-  
bus Y. M. C. A. The purpose of the  
meeting is to select secretaries for  
the Chillicothe cantonment of  
troops.

**Birth Announcement.**  
Mr. and Mrs. Harry Whiteford of  
North Morris street, announce the  
birth of a daughter, Wednesday  
morning.

**Reading Matter for Prisoners.**  
In another column of this paper  
appears a letter from Chaplain Reed  
of the Ohio Penitentiary appealing  
for books of old magazines for the  
prisoners. Chaplain Reed will pay  
the freight but not express charges.  
The prisoners need good literature  
and they will appreciate it.

**First Presbyterian.**  
On account of the Chautauqua  
program the mid-week service at the  
First Presbyterian church will begin  
at 7 o'clock, instead of 7:30.

**Second Presbyterian.**  
Prayer meeting this evening will  
be conducted by W. C. Hall. It be-  
gins at 7:15. Short talks will be  
made by Harrington Davis, Prof.  
Hawkins and Mrs. Fred Evans. The  
meeting will be dismissed in time to  
attend the chautauqua entertain-  
ment.

**Cut Head While Swimming.**  
Raymond Long suffered a deep  
cut in his head while diving at the  
dam swimming pool, Tuesday even-  
ing. He struck his head on a stone.

**Readers' Viewpoint**

This Pleases Us.  
Editor of the Advocate:—I have  
just come down the Wisconsin river  
out of touch with mail and news-  
papers for a week or so and at the  
little town of Eagle River have re-  
ceived letters and papers that have  
been gathering there. Among the  
papers were Advocates. As I have  
sat here this morning in our camp  
on the river Newark has seemed far  
away. And the interesting thing is  
that the Advocate has not brought  
it appreciably nearer. For the Ad-  
vocate is bigger than Newark, it  
strikes me anew as a world paper.  
There is a publication one would  
expect in a city of 30,000 people. For  
a number of years I have been read-  
ing metropolitan newspapers \* \* \*  
and every time I see an Advocate  
the feeling comes to me that you  
compress into smaller scope more  
of the real news of the world than  
any of your bulkier competitors of  
the larger cities. I congratulate  
you.

**Reading Matter for Prisoners.**  
Editor of the Advocate:—I wish  
to call your attention to the needs  
of the inmates of this institution in  
the line of reading matter. You, no  
doubt, are aware of the new method  
now in vogue, that of sending men  
and women out into the world bet-  
ter than they came here. In  
order to do this, I am convinced no  
better results can be obtained than  
by keeping them supplied with  
good literature, such as magazines  
and other material along that line.  
Will you kindly, through the col-  
umns of your paper, advise any one  
having old magazines, if they so de-  
sire, to box or barrel them up, and  
send them to the inmates to  
read? I will pay all freight (but not  
express charges).  
T. O. Reed, Chaplain,  
Ohio State Penitentiary, Columbus.

**VANATTA R. D. 1.**  
Mrs. Marinda Preston and son  
George, visited Mr. and Mrs. Perry  
Bell of near Homer, last Sunday.  
Mr. and Mrs. Stanley Preston of  
near Homer, attended Sunday school  
in Chatham last Sunday.

## Granville

[Special to The Advocate]

Granville, Aug. 1.—C. D. Coons left  
Tuesday night for Washington, D.  
where he will attend a meeting of the  
executive committee of the National  
Collegiate Athletic Association. Prof.  
Coons is district representative for the  
fifth district which comprises the west-  
ern conference including Indiana, Ohio,  
Michigan, Wisconsin and Minnesota.  
The meeting has been called to  
consider questions involving collegiate  
athletics and will continue several days.  
Mayor Coons expects to return to take  
up the further duties of the district  
board, including physical examinations  
to begin on Monday.

Not a Tuesday passes that a band of  
devoted women fails to assemble for  
relief work in the Y. W. and Y. M.  
Cross headquarters. Yesterday morn-  
ing the faithful were there even earlier  
than usual, and would not be enough  
to keep me from getting homesick. I  
am an experienced snow shoveler, a  
first-class paper hanger, have some  
knowledge of removing superfluous  
hair and clipping puppy-dog's ears, and  
have a medical knowledge of "Curlew"  
and "Amateur" and would be glad to  
take care of any of these things, and  
also the champion plug tobacco chewer  
of Louisiana; my spitting record is 38 1/2  
feet.

Being possessed of great physical  
beauty, I would not only be useful but  
ornamental as well, tending to the  
sacred precincts of your office to do  
delightful charm that a Saturnus vaso of  
a stuffed billy-goat would. My whis-  
kers being very extensive and luxuri-  
ous, my face would be useful as a  
penwiper and feather duster.

I could, after office hours, take care  
of the sick and dying, and if I were  
laid, and having use of the pony and  
cart, I could act as public dog catcher  
on the worst of days, and if I were  
laid, I could furnish recommendation from  
Chauncey M. Depew, Jacob J. Coxey,  
Karl-class senator royster, have some  
class and be a National.

As to salary, I would feel I was rob-  
bing the widowed and weeping sponge  
cake in the orphan's if I were to  
take advantage of my munificence by  
accepting the fabulous sum of \$50 when  
my expenses would be but \$40, and  
would be willing to give my services  
for \$45, thus enabling you not only to  
increase your donation to the church,  
but also to find a home for  
indigent fly-paper salesmen, and endow  
the orphan's home.

Really, sir, your unkindness of boundless  
border on the supernatural, and to the  
unsophisticated must appear like reck-  
less extravagance.

By the way, I might ask if it would  
be objectionable if I should practice on  
the members of the office during my  
leisure moments.

Hoping that this will appeal to you  
and that you will further consider my  
application, I beg to remain  
Yours truly,

**PURITY**

A representative of the Independent  
Telephone company of Newark is can-  
vassing this territory with a view to  
extending the lines of the St. Louis-  
ville exchange into this section.

There is an all-day home-coming  
meeting announced for Sunday, Aug.  
5, at the Hill church. Every one is in-  
vited to come with well filled baskets.  
Miss Muriel Evers was a guest of  
Miss Gladys and Sarah Hamilton last  
week.

Miss Elsie Roe of Newark, Miss Glen-  
ce Low and Mr. J. H. Hawke of Ak-  
ron, were at the home of the  
latter's uncle, James Hawke, Sun-  
day evening.

John Burrell is entertaining his  
daughter, formerly Miss L. Burrell,  
who is now living in Oregon.  
Mr. and Mrs. Harry Hattman, Misses  
Edith Oldaker and Mabel Wilkin and  
Harry Wilkin attended the A. M. E.  
camp meeting at Millwood Caves Sun-  
day.

There will be an all-day meeting at  
the Pleasant Valley U. B. church on  
Sunday, August 19. It will be of the  
nature of a home-coming, and every-  
body is invited to come and bring a  
well-filled basket.

Rev. Wise took dinner at the home  
of Mrs. Mary Chiver on Sunday.  
Miss George of Newark spent  
part of last week with her daughter,  
Mrs. Homer Van-Way.

**CONCORD**

Rev. C. H. Borror will hold regular  
services at the M. E. church at 8:30 p.  
m., Sunday, Sunday school at 10 a. m.,  
Oscar Foster superintendent. Prayer  
meeting Wednesday evening.

The neighborhood was very much  
shocked and grieved when hearing of  
the sudden death of Bert Johnson.  
Bert occurred Thursday morning. Mr.  
Johnson had not been feeling so well  
as usual but was not considered in a  
serious condition. His death was  
extended to the wife and relatives.

O. W. Channell and family of Gran-  
ville spent Sunday at the A. C. Kinsling  
berry home.

Miss Mary Prather was a week-end  
guest of friends and relatives at Wes-  
terville.

Miss Marie Hartsough of Newark  
visited her sister, Mrs. Walter Seville,  
several days last week.

R. B. Wilson and family of Wester-  
ville were entertained at the Henry  
Foster home Sunday.

George Saxton visited with his  
son Fred and family Sunday.

Mr. and Mrs. Frank Morris visited at  
the home of their daughter, Miss Harry  
Cowell, in Croton last week.

Mr. and Mrs. Stanley Huff and two  
daughters of Jersey spent Sunday with  
their mother, Mrs. Elsie Huff. Miss  
Leo remaining for a short visit.

**Amusements**

**-ADDITION-**  
The excessive heat that we are now  
having, seems to keep one away from  
the Auditorium, for this cool playhouse  
is a great relief. The Sunday matinee  
photo success daily. Many requests  
have been made for the management for  
a short biography, on this popular star,  
Marguerite Clark. The Sunday matinee  
photo success daily. Many requests  
have been made for the management for  
a short biography, on this popular star,  
Marguerite Clark. The Sunday matinee  
photo success daily. Many requests  
have been made for the management for  
a short biography, on this popular star,  
Marguerite Clark.

The fifth episode of "Patria" with  
Mrs. Vernon Castle is seen at the Au-  
ditorium tomorrow in "The Drifts."  
Marguerite Clark in "Mice and Men."  
There is no extra charge for the ex-  
traordinary program that is being seen  
at the Auditorium. The women who  
another feature is seen in "Uncle Sam  
Afraid and Ashamed," a two reel feature  
that none should miss.

**"Out of the Drifts."**  
Miss Marguerite Clark will be seen  
at the Auditorium tomorrow in "The  
Drifts," another one of her famous  
photoplays. It tells a story of a sim-  
ple, unadorned little shepherdess,  
who, in the midst of a war, finds her  
disolute lover at the village which is  
her home. The lowest impulses of his  
nature, but his very innocence, which  
leads him into the trap, proves her  
salvation for it in turn awakens a  
sense of shame and repentance in the  
man, who changes his mode of life and  
makes himself worthy of her love. In  
the picture is seen Mrs. Vernon Castle  
W. Johnson, Albert Gran, William  
Courtleigh, the famous actor, who for  
years was known as its greatest lead-  
ing man, Ivan Simpson, Dewitt Lilli-

you will give me a trial, I can prove  
my worth to you.  
I am not only an expert biographer,  
proficient stenographer, excellent tele-  
grapher, and a college graduate, but  
have several other accomplishments  
which may make me desirable.  
First duties that you enumerate  
in the capacity of stenographer, in-  
dexing clerk, mimeograph operator,  
stable boy and office porter, would not  
keep me busy, and would not be enough  
to keep me from getting homesick. I  
am an experienced snow shoveler, a  
first-class paper hanger, have some  
knowledge of removing superfluous  
hair and clipping puppy-dog's ears, and

**George Gaender.**  
Manager Fenberg of the Auditorium  
has arranged for George L. Gaender of  
this city, who has just returned from  
a season on the road with Max Bloom,  
in "The Sunnyside of Broadway," to  
play a general selection of songs at his  
later on next Sunday. Mr. Gaender is  
making a name for himself in his  
chosen profession and no doubt many  
of Newark friends will turn out and  
give him a reception as this is his  
first appearance on the local stage in  
six years. "The Sunnyside of Broad-  
way" is one of the most popular mu-  
sic tabloids, this company having  
played for Mr. Fenberg at Decatur a  
year or so ago to record breaking
